Newman Wins Sacred Support; Mayor Rathbun Acclaimed By Liberals

B.C. PREMIER AT CONVENTION

Ivor J. Newman, a Glenmore orchardist, will carry the battle flag for the Okanagan-Boundary Liberals in the August 10 dominion election.

Mr. Newman, who won over Syd. A. Hodge, of Penticton, and Lloyd Miller, of Summerland, at the riding's nominating convention here last night, smiled happily as he accepted the candidacy and received the cordial congratulations of Premier W. A. C. Bennett, who later addressed the enthusiastic group.

Mr. Newman, who has been well-known in fruit growing circles since he became an orchardist in 1937, has been for seven years on the executive of the B.C.F.A., an organization he has twice served as president.

He has been a member of the Board of Governors of B.C. Tree Fruits, a vice-president of the B.C. Federation of Agriculture and a member of the Canadian Horticultural Council.

TREMENDOUS OVATION
Accepting the nomination, amid an ovation which was exceeded only by that given to the Premier himself, Mr. Newman declared, "The people are on the move. You cannot stop a movement of the people from the grass roots. I have been preaching for the past five years that we must use the power of the vote which is in the hands of the people. We need Social Credit in this valley."

Mr. Bennett, who came to the meeting on the heels of the official ending of the British Columbia election, an ending which put the Liberals in power with 28 seats in the 49 seat house, was, like his followers, in a triumphant mood. They rose to their feet, clapped and cheered as the Premier walked to take his place on the platform.

GOOD GOVERNMENT
Mr. Bennett opened his address with thanks to the Similkameen voters for electing a Social Credit candidate, thus helping to bring "political stability to B.C." (Continued on Page 5)

Brock Hilliard, Former Herald Printer, Passes

W. B. "Brock" Hilliard, a former Penticton Herald printer and well-known personality in the B.C. newspaper world, will be buried tomorrow afternoon in Vernon. Mr. Hilliard died at Vernon on Monday, aged 73.

Mr. Hilliard started his printing career in his native Ontario with the Kitchener-Waterloo Record over 50 years ago. He worked on the old Edmonton Bulletin before coming to B.C. In the valley he worked on many newspapers, including the Vernon News and the Penticton Herald. He came to this newspaper in 1941 and retired in 1950.

Mr. Hilliard joined the International Typographical Union in 1907 and was a charter member of the Vernon local. He served as secretary to the local for the past 30 years.

Printers from all over the Interior are expected to gather in Vernon to pay homage to Mr. Hilliard tomorrow. Printers from valley newspapers will act as pall bearers.

Provide Blankets For Help, Growers Urged

An intensive campaign to persuade orchardists to make blankets available for transient orchard workers has been launched by H. K. Whimster of the Farm Labor Placement Service here.

A few years ago, Mr. Whimster points out, nearly all able-bodied men applying to the farm labor office for work on the orchards carried their own blanket rolls. But, says Mr. Whimster, within the last few years the situation has changed to such an extent that now hardly any of the orchard workers arrive with their own blankets.

Mr. Whimster took the matter up at a recent meeting of the Penticton B.O.F.A. executive and received promise of the executive's moral support in his efforts to persuade growers

Fisheries Minister Speaks Here

Sinclair Sure Of Liberal Win

Another majority government for the Liberals was predicted by federal fisheries minister the Hon. James Sinclair when he spoke at the Okanagan-Boundary Liberal nominating convention in the IOOF Hall here Monday night.

One of the two B.C. members in the federal cabinet, Mr. Sinclair reviewed what he believes will be the main issues in the August 10 election and explained the platform on which the Liberals will base their campaign.

Premier Announces Local Highway Work

Announcements that tenders will be called tomorrow for the construction of the first section of the Summerland-Peachland road was made to the Herald last night by Premier W. A. C. Bennett who was in Penticton for the Social Credit's Okanagan-Boundary nominating convention.

The first few miles will follow the path of the present road but

PREMIER BENNETT

further stretches may take a different route, Mr. Bennett said.

"Which route the rest of the road will follow will be decided as the work progresses, but once we start we shall carry on until the whole highway work is completed," the Premier promised.

Speaking of the federal election, Mr. Bennett held no doubt that Ivor J. Newman would be elected as member for this riding.

"I do not think the old line parties will be a factor in the election. I think it will boil down to a straight fight between the Social Credit and C.O.P. parties. I believe Mr. Newman will have the support of the valley," Mr. Bennett said.

ers to keep on hand sufficient blankets to supply those workers who did not carry their own.

"On the orchards there are sufficient furnished cabins to take care of the necessary help, but these cabins lack blankets," Mr. Whimster declared.

According to the farm placement officer, all parties are agreed that the time has come when it is necessary to supply blankets. To further this move leading merchants are drawing special attention in their advertisements, during the next week or so, to their stocks of blankets, suitable for orchard cabin use.

The labor office is firmly convinced that the situation will be improved.

NO OPPOSITION TO CITY MAYOR

Penticton's Mayor W. A. Rathbun will carry the Liberal colors in the Okanagan-Boundary riding in the August 10 federal election.

The second candidate to throw his hat in the ring in this riding, Mayor Rathbun was chosen Liberal standard-bearer by acclamation at the nominating convention of the recently formed Okanagan-Boundary Liberal Association held in the IOOF Hall here Monday night. First in the field was C. L. Jones, C.O.P. candidate and sitting member for the now abolished Yale constituency.

A large representation of Liberals from all three provincial constituencies within the federal riding—South Okanagan, Similkameen and Grand Forks-Greenwood—gave Mayor Rathbun's nomination enthusiastic endorsement. No other name was put forward to contest the nomination.

In nominating Mayor Rathbun, M. P. Finnerty said, "Here is a man who will live up to the high standards and ideals of the Liberal party."

"This new constituency needs a man on the side of government,"

Mayor W. A. Rathbun will leave tonight for Vancouver where he will attend a conference of all Liberal federal candidates tomorrow morning. Tomorrow evening the candidates will be platform guests at a meeting at which Prime Minister St. Laurent will be the principal speaker. Accompanying Mayor Rathbun is M. P. Finnerty, president of the Okanagan-Boundary Liberal Association.

Of those politicians who claim that it is time for a change, Mr. Sinclair asked, "change to what?"

"The Conservatives are gone, gone forever in the four western provinces," he declared, and added that he did not expect to see any of the three B.C. Conservative M.P.s re-elected in August.

Of the Liberals' federal campaign, the fisheries minister said, "We are going to fight on past performance not promises, on our record of achievement since we took office in 1955."

Saying that the Liberals would be returned with about the same majority that they now hold, the speaker based his prediction on the "fine record of accomplishment of the Liberals in their eighteen years in office and on our leader, Prime Minister St. Laurent, who has united Canada as never before and has gathered about him men of exceptional ability who have worked together as a team to give Canada good government."

Mr. Sinclair pointed out that the King Liberal administration unseated the R. B. Bennett Conservatives in 1955 as one pledge to bring Canada back to prosperity through the expansion of trade and wider market outlets. The Liberals, he said, have kept that pledge.

Mr. Sinclair pointed out that the King Liberal administration unseated the R. B. Bennett Conservatives in 1955 as one pledge to bring Canada back to prosperity through the expansion of trade and wider market outlets. The Liberals, he said, have kept that pledge.

Pioneer Haynes Fan Holds Reunion

HISTORICAL FAMILY REUNION—Pioneer days in the Okanagan Valley were recalled here last week when the six children of the late Judge and Mrs. J. C. Haynes gathered at the lakeside home of Mrs. R. B. White, Skaha Lake. Judge Haynes was the first colonial revenue officer at the station established in Osoyoos in 1860. Shown in the picture above, seated from left to right, are Mrs. R. B. White, Mrs. R. H. Parkinson, Kelowna, and Mrs. Susan Jane Gardon, Vancouver. The three brothers, standing are, from left to right, Val Haynes, Oliver cattleman; Sherman Haynes, of San Diego, California, named after the famous General Sherman who trekked through Osoyoos in 1883, the year of Mr. Haynes' birth, and W. B. Haynes, Oliver orchardist.

Deal Now Hangs On Voters' Decision

Council Accepts Cash Bid For Old Hospital Building

Committee Surveying Possible Sites For BEG Sculling Events

The site for the 1954 British Empire Games sculling events in all probability will be decided this week, following a survey of the possible sites in Penticton, Kelowna and Nelson by games officials.

Tomorrow Penticton will be host to the BEG party which will arrive here by air. Included in the group which will inspect the facilities at Skaha Lake here will be Colonel W. G. Swan, chairman of the games facilities committee, K. S. Duncan, head of the British Empire Games Association, from London, England, and Fred Carter, honorary treasurer of the Canadian Association of Amateur Oarsmen and other games dignitaries.

The party will be met at the airport by Penticton Tourist Association officials Alderman Frank C. Christall and W. A. Lougheed, who will convey them to Skaha Lake and later drive them to Kelowna where they will inspect the Orchard City facilities.

The party will return to Penticton in the evening and will be entertained at a tourist association sponsored dinner in the Hotel Prince Charles which will be attended by representatives of the various civic and service organizations interested in bringing the sculling events to this city.

Before returning to the coast, Colonel Swan and his party will visit Nelson to survey what the Kootenay city has to offer.

It is felt that Penticton's chances of getting the rowing events are good, in view of this city's accessibility, its excellent rowing facilities and visitor accommodation and because of the success of the Pacific Northwest Rowing Championships held here last fall.

No one was injured but considerable damage was done when two cars, a Plymouth coupe, driven by a woman, and a late model Kaiser, driven by a man, collided at the corner of Winnipeg street and Eckhardt avenue about 1:30 this afternoon.

R. L. "Dick" Sharp has this week been named general manager of the Penticton Herald by the newspaper's owner and publisher, G. J. Rowland. Mr. Sharp, who for the past six years has been the Herald's advertising manager, will be in over-all charge of the activity of all departments in his new post, according to the announcement.

Penticton's old hospital building will be sold for \$28,744.68 and converted into an apartment house if the property owners of this city approve the sale of the building to J. Familonow and M. A. Abramank, of Salmon Arm.

On Monday Council, without debate, accepted the offer, subject to approval of the property owners which will be sought through a by-law to be submitted in the near future.

The deal was negotiated in committee of the whole on June 29 when the prospective buyers interviewed council and explained that their objective was to develop the former hospital building as an apartment house. The former nurses' home is to be converted for individual rooms.

S. H. Cornock, city assessor, advised that the building was located in the proper zone for apartment houses and that it met all structural requirements. The plumbing is in good condition, he reported. Taxes on the building being used for hospital purposes amounted to \$2,730 a year, the interested parties were informed.

The offer of \$28,744.68 was made a few days later. This sum is split up as follows:

Land and buildings \$28,000. Amount equivalent to taxes from October 1 to December 31, 1953, \$60.18; amount equivalent to conveyance charges, \$54.50 for a grand total of \$28,744.68.

A cheque for ten percent of this amount was forwarded with the offer.

Alderman Hunt Bristles At Ignoring Of Orders

City Engineer Paul G. W. Walker spent an uncomfortable few minutes in Council chambers on Monday when the usually even-tempered Alderman Wilson Hunt took him to task for having sidetracked instructions of council.

The explosion occurred when a report dealing with four-lane traffic on Main street, submitted by the engineer, was presented. Alderman Hunt had a few words to say first.

"I don't like making trouble," Alderman Hunt began and then expressed his concern over the action behind the report. He reminded council of a resolution moved by himself, seconded by Alderman E. A. Titchmarsh and unanimously approved by council to re-establish four-lane traffic lines on Main street and for the provin-

NEW HOSPITAL NEEDS BOOST FROM GOV'T

Penticton hospital board trustees will seek government aid in an effort to offset a \$180 per patient day loss which, in the first five months of this year, has snowballed into a deficit of approximately \$30,000, in the new hospital operation.

According to board chairman J. T. Young, the government has been urged to send a representative of the Department of Health and Welfare to the next meeting of the board, July 23, a representative who will have power to act in relieving the hospital's financial burden.

"We have put every economy possible into effect without reducing the standard of patient care, but we are still operating at a loss of \$180 per patient day," Mr. Young told the Herald.

"The new hospital has a floor space which is five times greater than that of the old and that alone calls for a larger lay staff for care and maintenance."

A larger engineering staff is required for the operation of the new building, more electric power is used, telephone bills are greater, more cleaning materials are required, all of which are items which have caused a great increase in the overall operating costs.

"Our budget is based on a 78 percent occupancy, but we are treating less patients than our budget allows for. Yet the hospital operation costs the same as it would if the occupancy was 78 percent of capacity," said Mr. Young.

Local Elks Want 1954 Convention Brought To City

Two city men, Oscar Matson and William Sanders, will be busy boosting Penticton, July 27, 28 and 29, when the pair will attend the Elks Grand Lodge meeting in Sudbury, Ontario.

Armed with 10 cases of apricots, 500 tourist pamphlets and colored lapel-ribbons, Mr. Matson and Mr. Sanders will use all their powers of persuasion to bring the 1954

OSCAR MATSON

boosting city. "We'll be all out to have the convention here," Mr. Sanders said. "It is to be held in western Canada this year and Penticton is the right place for it."

Besides the boosting work in Sudbury the two men will delay their return to this city with stops in a number of prairie cities where they will publicize Penticton with the distribution of tourist pamphlets.

At present Mr. Matson is in Chicago for the annual convention of Lions International, which started today and continues until Saturday. Also attending the Lions meeting is Maurice D. McNair, of the city Lions Club.

Council Requests Lines Painted

Four Traffic Lanes On Main

Vigorous objection to the reintroduction of four-lane traffic on Main street, from Lakeshore to Eckhardt avenue, was voiced by city engineer Paul G. W. Walker before council on Monday night, but his objections were overruled and application will be made immediately to the department of public works for re-establishment of traffic lines for four lanes of traffic.

Alderman Wilson Hunt advocated the move arguing that there is a lot of unnecessary delay for traffic at the present time. To the objection that motorists leave their cars on the left hand side Alderman Hunt said, "It is high time drivers learn to get out of their cars on the sidewalk side. Certainly accidents will happen if people persist in this practice, but Main street is wide enough for four traffic lanes. There is more room for cars than there used to be on Granville street when street cars were running down the middle."

Mr. Walker contended that four lanes would create a traffic problem. "It is contrary to good traffic principles," he maintained.

Alderman G. C. Christian was impressed with the statement in

the engineer's report that the department of public works traffic engineer, the RCMP and Walter Cousins, city parking meter inspector, were opposed to four-lane traffic on Main street. Because of this he suggested that council should first ask if it was desirable, rather than plunging ahead and asking that the traffic lines be painted.

Put to the vote the original motion asking for the lines to be painted was approved, with Alderman Christian and Geddes opposed and with Alderman Hunt, Titchmarsh and Taddleton voting for the motion.

The engineer's report, in full, follows: Before pursuing the request of a

Leading Lady
Starring in the Lancaster Company's presentation "Way Fever" is Dorothy Davies well-known Vancouver actress. Miss Davies, who has starred and directed in Theatre Under The Stars productions and is well-known as Mrs. Carson in the CBC's daily radio program, "The Carson Family," will play the part of Judith Bliss in the Noel Coward comedy which opens tomorrow in Theatre by Starlight.

SWIM CLASSES POPULAR, 550 NOW ENROLLED

Hundreds of Penticton youngsters took to the water this week for various stages of swimming instruction in the Red Cross Rotary swim classes at Okanagan and Skaha Lake beaches.

This year there are 550 registered for the classes and of these 500 are being taught at Okanagan Lake and 50 at Skaha Lake by qualified instructors.

Skaha Lake instructor is Mrs. A. Shipton. Teaching at Okanagan Lake are Miss Barbara Bernbach, Miss Sandra Cardinal, Miss Rhea Pedersen and Ted Smith.

This year the classes started under the supervision of Mrs. A. E. Tichell and Mrs. Harold Donald but Mrs. Tichell is leaving Penticton for Cloverdale, on Sunday, and the supervisory work will be carried on by Mrs. Donald.

Besides swimming, water safety

More Building This Year, Report Shows

Building permits issued during the first six months of 1953 show a value of more than 75 percent over those issued in the first half of last year.

The building inspector's report, presented to council this week, shows that the value of permits issued up to the end of June of 1953 is \$533,008, compared with \$304,382 in the corresponding period of last year.

Building permits issued in the month of June are worth double those issued in the month of June of last year, when permits were valued at \$37,805. This year permits totalled \$78,851.

Last year's total came from 24 private dwellings worth \$71,850 and three business premises worth \$7,000. In June of 1952, 18 dwellings were valued at \$30,150 and business premises at \$7,700.

and artificial respiration will be taught. Certificates will be awarded to students who are able to pass tests given by Red Cross instructors at the end of the classes. The classes are not only open to residents who have registered but children of visitors are also invited to join.

City To Spend \$25,139 On Fire Fighting Gear

Purchase of fire equipment to the value of \$25,139, plus taxes, was authorized by City Council on Monday, following study of a report on the condition of the equipment replacement account, submitted by Alderman E. A. Titchmarsh.

The money will provide the city fire department with triple combination pump, a high pressure pump, two hose reel with hose and high pressure nozzle and a generator. The quotation also includes cost of changing the water tank capacity to 300 Imperial gallons.

This expenditure will leave a balance in the equipment replacement account of approximately \$9,900 of which \$3,500 is encumbered by council's acceptance of the purchase of addressograph equipment.

Further purchases against the account this year will be limited to \$3,400.

VERNON — Vernon's low handicapper Art Lefroy took top honors at the Vernon's club's "Vernon Days" golf tournament when he toured the 27 holes in an even par 108.

ST. LAURENT IN WAX—Bernard Tussaud, a descendant of the Madame Tussaud of waxworks fame, carries on the traditions of the firm in London. Completing a bust of Prime Minister Louis St. Laurent, he is watched by two members of the RCAF, Sgt. Roger Racicot, of Ottawa, and LAC Robert Pare, Montreal.

Crown Wins Timber Assessment Appeal

Appeal against the tax assessment of timberland properties owned by the Penticton Sawmills Ltd. was decided last week in favor of the Crown by the three man British Columbia Court of Appeal.

The 1953 assessment has now been set at \$137,820 for the 62 pieces of property compared with the 1952 assessment of \$45,901.

In February, an appeal was made to the court of revision but the 1953 assessment was upheld. This decision was appealed to the Supreme Court and in April Mr. Justice A. M. Manson ordered the assessment to be rolled back to the 1952 level.

The Crown appealed and the court of appeal ordered the assessment to be restored, save for admitted error of \$10,000.00 on royalties. The court also ordered that a deduction should be made for the second growth factor.

In the original 1953 assessment value was placed on second growth timber but Mr. Justice Manson ruled that second growth timber had no actual value but only potential value.

The Court of Appeal comprised

Chief Justice Gordon M. Sloan, Mr. Justice Sydney Smith and Mr. Justice C. H. O'Halloran. Mr. Justice O'Halloran dissented against the majority decision, claiming that the assessment should be two-thirds of the 1933 figure.

The applicant was awarded two-thirds of its costs and the Penticton Sawmills was awarded one-third of its costs.

P. D. O'Brien, of Penticton, and H. Allan McLean, Q.C., of Victoria, assistant deputy attorney-general, appeared for the Crown. Penticton Sawmills was represented by John S. Aikins, of Penticton, and Alan S. Gregory, of Vancouver.

Complaints Of Dust And "Speed Artists"

Mrs. Myrtle Carter, of the city's trailer camp, has again complained to City Council over the continued dust nuisance and danger from "speed artists".

Council will study the possibilities of oiling the streets in the vicinity of the camp where city property provides the frontage.

The traffic by-law will be amended as speedily as possible to institute 15 mile an hour zones at all playgrounds in the city, this speed limit to apply on the thoroughfares passing the trailer camp.

Polio Outbreak Appears On Wane

The poliomyelitis outbreak in this area appears to be on the wane, only three new cases of the disease having been reported to the South Okanagan Health unit during the past week.

One case was reported in Penticton on Monday and a suspect was confirmed yesterday, bringing the total in this city for the year to 30. Most of these cases have been of the mild variety and the majority of them have now recovered.

One case was reported in Keremeos this week and yesterday the victim was flown to Vancouver for further treatment. This was the first case of polio reported in that area this year.

No reports of the polio situation in Oliver or Summerland were available.

Health authorities are urging citizens to continue with precautionary measures and the team of spray experts from Kelowna is busy spraying against flies and mosquitoes, believed to be carriers of the polio virus.

Man Easily Upsets Balance Of Nature

When we study nature we find how little we really know about "her". We think that we have controlled her and have nature working for us, but have we? True, we can make changes in the original environment that we know, but do we always win out? Typical is the following example, repeating itself in many parts of the province.

Recently I visited an area that at one time had one of the most beautiful stands of White Pine in the country. Because it was an important sawmill tree the forest was entirely depleted and only a few trees of, then worthless, hemlock were left standing. Today the area is almost entirely a hemlock forest and only two or three white pine can be found struggling to survive.

Now there is a new forest growing over the scars of the old one but we have to adapt ourselves to nature's urge to grow and refill the wounds left by early loggers and so hemlock and other trees that at one time were considered of little importance are having to be substituted by us for nature's original crop that we destroyed.

Asks Firm Fined For Operating Without License

Information that the Kelowna firm of Shepherd and Curtis, now engaged in spraying the city to eliminate flies and mosquitoes, are operating without a trades license was laid before council on Monday by I. R. Bartlett of the firm of L. R. Bartlett Ltd.

Mr. Bartlett asked that the spray contractors be restrained from operating until they had paid the penalty of \$250 for operating without the license. The complainant also contended that the Kelowna firm came under the classification of transient traders and as such should be compelled to pay the license fee of \$250 for every six weeks of operation, or part thereof.

Alderman H. M. Geddes informed council that the firm knew that they must take out a trade license and he presumed that this was be-

WILL DONATE PROPERTY

Council viewed with favor application of residents for access to Granby avenue. At present the newly named avenue has no inlet or outlet, but property owners are prepared to donate the required right-of-way. In one case the city will be required to dig a shallow well to replace one which will be filled in.

George Friedrich Handel, the great composer, wrote his famous "Messiah" within 24 days.

ing looked after.

City Clerk H. G. Andrew stated definitely that the Kelowna contractors did not come under the classification of transient traders. Alderman Wilson Hunt questioned whether a firm under contract to the city should be required to take out a trade license and although the city clerk could see no loophole in the Municipal Act it was decided to submit the question to the city solicitor for clarification.

Penticton Herald Editorials

Hotter Political Weather

As a result of enough, indeed more than enough, of provincial political goings-on lately, at first it seemed extremely unlikely that there could be anything approaching a warm interest in the federal election hereabouts. But the situation is indeed changing. The federal election thermometer, well in advance of the August 10 polling day, is keeping pace with mounting midsummer heat.

At this time of writing, the liveliest development from a local standpoint involves the entry into the lists of the city's chief magistrate, Mayor W. A. Rathbun. Nominated by the Liberals by acclamation, in the convention held here Monday night, His Worship can be counted on to be an energetic and able contender on behalf of the government as it seeks re-election across Canada in about a month's time, with a particular hold on voters in the southern part of the riding, many of whom might naturally enough be disposed to have one of their own residents represent them in Ottawa.

There seems to be a kind of tradition involving Penticton's municipal heads. This is the third time in fairly recent years that they have carried Liberal colors in stepping into federal elections. We can't resist the incidental comment that such municipal leaders, realizing so much that Penticton requires in government attention, have seen the value in going forward into the wider field. The late W. G. Wilkins and C. E. Oliver didn't make it in the preceding efforts. Mayor Rathbun, stressing that Penticton never needed Ottawa consideration more, says he intends to make it this time.

Whether or not the government party will at last be able to win this riding, however, is a moot point. Liberals have been consistently obscured in the valley. The Conservatives first held the area staunchly, with protection for fruit as the dominant political interest, with the CCF more recently taking possession. This has meant that a whole generation has come into being in the area which has known little else than an opposition member. And it may very well continue so.

For let there be no mistake about it. O. E. Jones, who has represented Yale and the CCF in the recent parliament, and who is standing again in the newly created riding of Okanagan-Boundary,

seems well out in front as the probable winner in the next contest. He has a solid core of support from socialist voters to begin with, with the non-socialist vote divided against him. He has friends and supporters who are partisans of no particular stripe, moreover, and has clothed his parliamentary experience with dignity and decency in the tradition of other representatives who have gone before him. Any candidate who defeats him will be registering quite an accomplishment. The Herald, as is very well known, is not a supporter of socialism and, in the honest sincerity of its feeling as to what is the soundest political policy for the people of Canada, it goes firmly on the record in this respect. Yet we would be flying in the face of facts to discount Mr. Jones as an individual candidate and to allow wishful-thinking to interpret the results of August 10.

The tendency is to focus the spotlight on either the present member, or the spokesman for the government of the day as we have done in the foregoing. But it will be more complex than that. The Social Credit factor, a new one, will have vigor springing from success in the recent provincial tests. Ivor Newman, nominated here Tuesday evening, is a former head of the BCFGA, a potent political asset, and, while he will tend to divide even further the anti-socialist vote, yet he will also share with Mr. Jones the sectional strength of the Kelowna area vote, giving the forecasters and dopesters one more puzzle and headache in looking into the future.

The Conservatives, who should certainly be represented in the forthcoming issue, representing the official opposition and a traditional position which has a very real place in the affairs of Canada at this time, are known to be preparing to enter a candidate, as yet unnamed. It seems obvious to point out that a voter should have the privilege of voting against the government of the day, if he so wishes, without having to support either socialism or social credit notions.

We'll have more to say about our views as the campaign progresses and at this time, without enlarging further on the candidates' party views, we are congratulating each one on his public service on offering himself, and emphasizing the regard that should be felt for each one — regardless of his final success — as the best of our good citizens.

Rearrangement From Above

While the provincial election is over, at long last, with the Social Credit forces firmly in power with an eight-seat margin, there is still something of an air of unsettlement in things. This stems from the fact that Premier Bennett has been faced by the defeat of two of his most noteworthy ministers, Einar Gunderson, who heads the finance department, and Mrs. Rolston, minister of education. But Mr. Bennett is assuming the position that he hasn't lost them at all, that it is just a matter of waiting until seats can be opened up. Hence the unsettlement. What now?

Mrs. Rolston's defeat was the final feature of the long ballot counting, as it also placed in the house Arthur Laing, Liberal leader. She has been closely identified with the premier in political activity for many years and he will no doubt make every effort to open some riding for her election at a later date. He has already announced this as his intention in the case of Mr. Gunderson. Meanwhile they carry on in most responsible posts in the cabinet, though defeated personally at the polls.

The Herald, before this, in regretting his defeat has offered the view that Mr. Gunderson was probably the soundest symbol within the enigma that is Social Credit in B.C., and we understand Mr. Bennett's loyal feelings for Mrs. Rolston and admiration for her abilities. It is doubtless the premier's feeling that he

is also keeping what he feels to be the good of the whole province in mind in maneuvering around to get these people continuing in high office.

But this raises a most interesting point. Just how far should any government leader go in reshaping and rearranging the verdict of the people as they go to the polls?

The drafting of Mr. Gunderson and Mr. Bonner into the cabinet, though they did not stand in the general elections of a year ago, was perhaps understandable. But now we have had two elections in one year's time. Surely there has been enough of going to the people by now. It opens up a rather questionable and impractical precedent for Mr. Bennett to keep on further with his opening up of seats.

Some argue that our whole system of insisting on the personal selection of our cabinet members at the polls is inadequate, that we should follow the United States example in the appointment of executive functionaries in government. Yet there is so much to be said for the British system, that it does not behoove Premier Bennett to remake it directly or indirectly until the people definitely tell him to. The people may often be wrong in their voting decisions. But if democracy is to work at all it should work from the bottom up, not from the top down.

Good Shooting

The Okanagan in general and Penticton in particular have every right to be proud of their marksmen. Last week a B.C. Dragoons team from the Okanagan led by the redoubtable Walter Cousins, of this city, shot against the best in the province to win most of the main events, including the lifting of the General Sir Arthur Currie trophy, emblematic of large bore rifle supremacy in British Columbia and, for the second successive year, placed marksmen on the B.C. team which will compete for dominion honors.

Last year it will be recalled that Mr. Cousins shot it out with the best rifleman in Canada and won high honors and it is Mr. Cousins, along with Captain Harold Palmer of Enderby, who will again represent the valley in the big dominion shoot.

for sharp eyes and steady hands. To shoot well requires physical stamina, tip-top co-ordination of the senses and nerve control. In short, although not generally regarded as an athletic pursuit, range shooting demands from the participants as much, if not more, than does the average sport.

It is above all a sport which builds good fellowship. It is one of the few competitive sports which lends itself to participation by both sexes, witness the showing of the two valley girls, Miss Yvonne Cousins, of Penticton, and Miss Glenda Hill, of Kelowna, in last week's B.C. competition.

It is also a sport which contributes to the nation's defense, for, as the war in Korea has demonstrated, the man with the rifle still constitutes the backbone of armies in the field.

The valley can take great pride in its marksmen and markswomen and The Herald joins in congratulating the valley team which last week brought such high honors to the Okanagan. We also wish our Walter Cousins and Enderby's Captain Harold Palmer "good shooting" in the forthcoming dominion event.

Letters To The Editor

Letters to the editor must carry the name and address of the sender. Pen names will be accepted for publication but preference will be given to letters published over the writer's own name.

The Editor,
Penticton Herald.

OTTAWA HAS THE ANSWER

In the very centre of the front page of the Herald for July 2, there is a four-column headline which reads "British Hear Straight Talk From B.C. Tree-Fruit Head".

Such a headline, in such a position, was clearly intended to attract attention. It attracted mine.

In the article following the headline we are informed that Mr. Loyd did not "pull any punches". Now Mr. Loyd went to England, at considerable expense, to sell apples to the British.

His methods of salesmanship are new to me. A salesman, however, high pressure, does not, I believe, usually throw punches at his customer, verbal or otherwise. I must admit that I was not surprised to learn that Mr. Loyd failed to sell any apples. We are not told if he offered any inducements to the British or if he made any constructive proposals. Apparently he did not.

Surely every apple grower in the Okanagan knows just why the British market for apples has disappeared. If he does not, he ought to. It is his business.

To dismiss the subject with an airy remark about dollar shortage gets no one anywhere. The crux of the question is why there is a dollar shortage at all.

For the answer to this question Mr. Loyd should go to Ottawa, not to London. We know what Mr. Loyd thinks. What about the customer? Why do the British not buy our apples any more?

The position, as the British see it, is very simple.

After the last war, the USA approached Canada (Ottawa) and assured her that Britain was done for, finished, down and out and Canada should forget about the British market because it had gone forever. (This, by-the-way, was the universal theme of the USA at that time, both in the press and on the radio. Possibly wishful thinking.)

The Liberal government in Ottawa agreed to the US proposals for closer trade relations between the two countries and a new era in international trade opened. We all would like to hitch our wagons to a star but Mr. St. Laurent hitched Canada's wagon to the Stars and Stripes. Both Canada and the US refused to accept sterling and insisted on being paid, for all goods exported to Britain, in dollars.

Canada also made it clear that she would not partake in any further Commonwealth Economic Conference, but would attend as a spectator only. We hear a lot about the iron curtain behind which Russia holds aloof but we never hear of the dollar curtain in front of Canada and the US. The iron curtain, however, is purely political and Russia trades freely with countries outside it but the dollar curtain is purely economic and is intended to limit strictly imports from other countries whilst encouraging trade between Canada and the US.

And how did Canada get along with her new partner?

Well, in 1951 she had an adverse balance of trade (a deficit) of \$471 millions whilst in 1952 she found herself "in the red" to the tune of just over \$670 millions. So, in the last two years, under this wonderful system proposed by the USA, Canada was over eleven hundred millions of dollars on the wrong side. Not so good for Canada but very nice, indeed, for the USA who proposed the scheme.

In these same two years, it is important to note, Canada had a favorable balance of trade with Britain (the country that was down and out) of no less than \$90 millions in 1951 and over \$380 millions in 1952, in spite of the fact that Canadian purchases in Britain fell sharply in the latter year. So, in these two years, Canada's profit from her trade with Britain paid nearly half her losses for the same period on her trade with the US. Britain would have bought much more, gladly, from Canada, but can only spend the dollars she has earned.

That's the way the British look at the matter. You can now see why they were so sympathetic with Mr. Loyd. They knew he did not understand.

The new deal has been disastrous for British Columbia as the fruit growers, the salmon industry and the lumbermen know too well. In fairness to the opposition parties at Ottawa, it must be stated that all three, Conservative, CCF and Social Credit have persistently fought for more trade with Britain but the immense Liberal majority has crushed all such attempts.

The writing is on the wall. Britain has made an astonishing recovery and now leads the world in many lines of scientific, commercial and electrical machinery. Has Ottawa backed the wrong horse?

A. D. MURRAY,
220 Nelson avenue.

Penticton Herald.

SOME QUESTIONS

As longtime residents of Penticton, and as taxpayers for the past 17 years, we would like to bring to the attention of your readers an item in the "legal" column of your paper regarding a leasing of park property. The following questions might be worth consideration:

From personal experience we know that it is very difficult for local service clubs and organizations to obtain use of parks for fund raising activities, yet a commercial organization can obtain a lease for a large section of a park, at a very nominal rental.

We understood that a removable building was to be erected, and what appeared to be the stages from Queen's Park were brought out to Skaha Lake park. Since then a very permanent building has been built around them. Who owns this building and who is paying for this construction?

If the building remains on the park for the entire year, is the city to receive rent for 12 months, or only for the two summer months? Will the upkeep of this building be a matter for the parks board, or the lessee? Who is to be the judge of the amount of painting and repairs necessary each year?

Has any consideration been given to the fire hazard represented by an empty frame building standing in a grove of large trees in a very windy section of the city, miles from the fire hall and fire hydrants? Can large sections of our city parks be leased just as easily?

For the information of the citizens of Penticton, we feel these questions should be answered.

Mr. and Mrs. R. V. "Jack" White,
496 Main street.

The Herald,
The Editor.

HEADLINES MISLEADING

The following is a copy of a letter sent to the Vancouver News-Herald, Sun and Province:

I have been instructed by the Penticton Tourist Association to write you, protesting the mild form of headline sensationalism that has gone with your reports of polio in this region.

We realize, of course, that accurate reports of the situation must be made in order that residents of the infected areas may take the necessary precautions. However, we have received several reports that have been erroneous or misleading, especially the headlines that would lead one to believe that all cases in South Okanagan are in Penticton.

We would also point out that the total number of cases reported since polio began this year have been repeatedly reported in the Vancouver press as the cases now in existence, which is decidedly incorrect... cases that were first reported are now recovered.

As a point of information, we have the following information released by the Penticton Hospital and Dr. Black, of Kelowna. There have been a total of 43 cases of polio reported for the whole of the South Okanagan area since the first case was reported in early February. There were 28 cases reported from Penticton for the same period. There are at present at the Penticton Hospital three cases in isolation and seven cases convalescing. Dr. Black also reports that there have been no new cases reported for some ten days and that it would appear that the disease is now subsiding.

We hope that in future you will refrain from endangering one of our basic industries with misleading headlines and that you will stop to consider that great numbers of your readers do not read any further than these ambiguous headlines and form an incorrect picture of the situation as it really is.

Thanking you for your co-operation in this matter.

R. E. McDOUGALL,
Director of Publicity.

The Editor,
Penticton Herald.

WORTHWHILE EFFORT

May we take, through the medium of your paper, this opportunity of thanking the citizens of Penticton for their recent generous response to our annual drive for funds, held in June. There is every indication that, with Penticton providing in excess of \$2000.00 toward the district quota, the quota will be met, or bettered.

We would also like to express our grateful thanks and appreciation to the various canvassers, who, as members of clubs or as individuals, unselfishly donated their time to the cause and particularly, it should be known, we are indebted to the Business and Professional Women's Club, who "spearheaded" the drive.

Coverage by your paper and by Radio CKOK has been excellent and contributed in no small measure to the success of the canvass. All in all, a worthwhile community effort.

Canadian Arthritis and Rheumatism Society, Penticton Branch.
A. DENNIE,
President.

Premier At Sacred Meet

(Continued from Page 1)

"The Social Credit party is the first to have an overall majority since that time. Now we can look forward to stability and progress in the province. Having our majority gives us the chance to bring good government to B.C.," he declared.

Commenting on the defeat of two cabinet ministers, Mr. Bennett declared, "In any battle, some of the valiant must fall," and, he added amid cheers, "Mr. Gundersen and Mrs. Rolston have been invited to carry on in the government."

Only of the party in the federal field was stressed by the Premier who said that he had met Mr. Low, the Dominion leader, and Premier Manning, of Alberta, in the recent conference in Toronto and that between them they "had laid the ground work for the day when Social Credit will be the government of Canada."

"It might take two fights, but the day will come. On August 10 we shall have the balance of power at Ottawa, but there will be an election long before the five years are up. Then you will have a Social Credit government in Ottawa," he prophesied.

The Premier said that the Social Credit party is the only one which recognizes the transition between war and peace and he continued, "the government has been forced to relax credit restrictions."

Joan Nagle Off For Miss Canada Contest

Good wishes of Penticton will follow Miss Joan Nagle when she leaves this city, Friday, for Hamilton, where she will take part in the Miss Canada Pageant, a contest in which this country's most beautiful and talented young ladies will vie for the title of "Miss Canada of 1953."

Sinclair

(Continued from Page 1).

pledge and will continue to keep it.

The expansion of Canadian markets and the resulting increase in employment is the secret of the amazing prosperity Canada has enjoyed in recent years, the fisheries minister explained.

Admitting that there will always be some inequalities even in a prosperous country, the speaker pointed out that the Canadian government, through revenue from corporation and income taxes, pays back to certain groups "their share of Canada's prosperity."

This is done, he explained, through an extensive social service program — old age and blind pensions, family allowances, unemployment insurance and veterans' pensions.

"These add up to over a billion dollars a year paid back to the people — a billion dollars a year in constant circulation, adding to the purchasing power of the Canadian people," he said.

Mr. Sinclair told the audience that the opposition parties will claim that Canadians "have been taxed too hard," and he went on to give a detailed account of just how the federal tax revenue is spent.

"Four and a half billion dollars worth of this tax revenue goes towards defence. If we are to remain free we must be able to defend ourselves," he said. "Our five year defence plan has been quite successful and indications are that we can look forward to decreasing defence expenditures."

Defence takes half of the tax revenue, and the social security payments, "which none of the opposition parties have ever suggested reducing," accounts for another quarter.

Another large portion goes towards paying the interest on the national debt, which, the speaker said, the Liberals have steadily reduced since taking office eighteen years ago.

The Liberals, he explained, work on the principle of taxing heavily in prosperous years, and reducing the national debt so that if hard years come "our credit will be good and we can prime the pump with the surpluses."

"We have reduced our national debt twenty percent in the past war years," Mr. Sinclair declared. Another 300 million is returned to nine out of the ten Canadian provinces under the dominion-provincial tax agreements.

Pointing out that Canada is the third trading nation in the world, the speaker said that the Liberals, if returned, will continue to carry out their policies of "greater trade and greater employment and therefore further expansion and development of Canada's resources."

Returning to the political picture, Mr. Sinclair said that the Liberals will again form the government and the Conservatives will again be the opposition, as neither the CCF nor the Socialists have sufficient candidates in the field.

"What you need so badly here is a representative on the government side," the fisheries minister declared. "You need a vocal champion on the government side. You have chosen such a man tonight."

"You need a man to represent you as George Cruikshank has represented the Fraser Valley," he continued. "A man to put the problems of the fruit growers before the government."

"In the question period which followed his address, Mr. Sinclair said he did not think that raising tariff barriers against United States was the answer to the marketing problem, because tariffs must be considered on a national rather than a local level.

He expressed the hope that President Eisenhower would reinstate the policy of reciprocal tariff reductions in trade between the U.S. and Canada which was followed by President Truman.

WEED INSPECTOR
City Clerk added to his duties recently by noting as city weed inspector. The city hasn't got a weed inspector, Mr. Andrew told council on Monday in reporting that he had inspected property complained of by Mrs. C. Phillips and found it overrun with weeds. The property owner will be interviewed in an effort to get the weeds eradicated.

Recent visitors at the home of Mr. and Mrs. E. W. A. Cooper were former Summerland residents, Mr. and Mrs. Garnett Peters, of Drumheller, Alberta.

In Hawaii, cattle swim part way to market, herded by sea-going cowboys.

En route to the Ontario city, Joan will visit Calgary where she will be an official guest at the stampee.

While she is in the east Joan will also pay a visit to Kitchener, home of hockey's Allan Cup winners, where she will present the keys of Penticton to Bruce Webber, mayor of the eastern city.

In Hamilton, the Miss Canada pageant continues from July 17 to July 21. Entrants will be judged on appearance, personality and poise and the winner, besides receiving a \$1,000 cheque, will also win the right to enter the Miss America contest.

Preparations for the trip which Joan, accompanied by her mother, is taking have been exhausting in the past few weeks.

There were sittings for pictures, which subsequently appeared in the Calgary and Toronto newspapers, and many other arrangements to make.

One of the pictures, which appeared in a Toronto paper, prompted a lady named Mrs. K. Nagle in that city to send best wishes and greetings to her namesake in Penticton.

Besides the fact that she bore the same name as Joan, the lady said she had another interest in Penticton. She is related to Miss Helen McTavish, a nurse in Penticton's hospital.

Alderman Hunt

(Continued from Page 1)

the man in constant touch with the highways engineering department," but Mr. Walker had not told him not to proceed with the motion, he said.

Alderman W. D. Haddleton said the only contact he had with Mr. Walker on the matter, as acting mayor, was a telephone call from the engineer to say that he, Mr. Walker, had stopped action and that he had very good reasons for doing it. "I agree with Alderman Hunt that no employee should be able to veto any action of council," Alderman Haddleton said.

Somewhat taken aback by the onslaught Mr. Walker admitted not implementing the resolution, but pointed out that it was two years since the four-lane lines had been painted on Main street. He had been, and still was, sure that the highways department didn't want them and as he was about to go on vacation and had not the time to get-out a report on the subject he had let the matter stand still.

The matter of four lane traffic was then discussed in the light of the engineer's report. A report of the discussions appears elsewhere in this paper.

The incident of the ignoring of council instructions closed with the mild comment of Alderman E. A. Titchmarsh who said, "Let's hope it does not happen again."

No Opposition

(Continued from Page 1)
"I'm going to try to sell to Ottawa and to the rest of Canada this beautiful valley called the Okanagan," the Liberal candidate vowed.

A. W. Gray, Rutland, president of the former Yale Liberal Association, was chairman at the well attended meeting.

Mr. Finnerty was the unanimous choice of the meeting as president of the newly-formed Okanagan-Boundary Federal Liberal Association.

The three vice-presidents elected and the districts they represent were: Les Wilson, South Okanagan; Mrs. Bruce Cousins, Similkameen, and J. M. Jones, Grand Forks-Greenwood.

The representatives on the executive from the three provincial constituencies within the federal riding were Harvey Wilson, South Okanagan; Harvey Ross, Similkameen, and Jim Floyd, Grand Forks-Greenwood.

Mr. Gray was chosen as the association's representative on the Liberal Advisory Council for B.C.

Blankets

(Continued from Page 1)
vinced that Penticton and district orchardists have, during recent seasons, lost the services of many good men, because of this lack of blankets.

Both the labor office and BCF-GA are keenly interested in getting the growers to remedy the situation as soon and as completely as possible.

That the situation requires attention is revealed in the disclosure, authorized by M. E. D. "Pete" Adams, secretary-manager of the Penticton branch of the Canadian Legion, that in order to assist incoming workers, who are members of the Legion, to secure work, the local branch has distributed \$1500 to enable these veterans to procure blankets. The Legion, according to Mr. Adams, feels that the financial drain is too great and it has been decided to discontinue this form of assistance and to leave the responsibility where it rightly belongs, with the local grower.

A circular is being issued to all growers through the five packing houses in this area containing a suggestion for financing the blanket stocks and also for keeping the blankets safe.

Says Mr. Whitmer, "there is no reasonable doubt that if the blankets became a standard part of orchard equipment for casual help the Penticton district, including Naramata and Kaledon, would be in a better position to retain help than any other area in the valley. It should be well worth growers' while to cooperate."

THREE NOMINATED

The nomination of Progressive Conservative Theodore R. E. Adams, of Vernon, brings to three the number of candidates who will contest the Okanagan-Revelstoke riding in the August 10 federal election. Others already in the field are George McLeod, Enderby, Social Credit, and Arthur Parker, Revelstoke, CCF.

KELOWNA — Four Kelowna marksmen, Ron Weeks, Dan Hill, George Kennedy and Clarence Henderson, competed in the B.C. Rifle Association annual tournament in Vancouver last week.

The Penticton Peach Festival Association and the Women's Auxiliary to the organization will hold a joint meeting on Tuesday evening to discuss various aspects of the forthcoming festival. All members of the WA are urged to be present at the meeting scheduled for 8 p.m. in the arena.

Mr. and Mrs. L. A. Sharpe, of White Rock, were recent visitors at the home of Mr. and Mrs. E. C. Bailey.

Sixteen members of the Penticton Kiwanis Club were guests at the luncheon held yesterday on board the SS Sicomous to honor Mrs. Joseph Allen, of Twisp, Washington. The honored guest was in the city with Mr. Allen, who was making an official visit to the Kiwanis Club as Lieutenant-Governor of Kiwanis division No. 5.

Recent visitors at the home of Mr. and Mrs. J. Albert Rodell, Government street, were Mr. and Mrs. Frank Hawkins, of Nelson; Mrs. J. E. Mills, Victoria, and Miss Lucy Doucet, of New York City.

Miss Wilma Unwin, who has been one of the Penticton representatives at the CGIT camp at Ocean Park, has been elected vice-president of the provincial Canadian Girls in Training. Miss Unwin arrived home on Tuesday from the camp which had been in session during the past week.

Mr. and Mrs. F. C. Bird returned last week from Victoria where they had visited for three weeks with their son-in-law and daughter, Mr. and Mrs. J. R. C. Stevens, and Wendy and Rick.

Summer holiday visitors in Penticton are Mr. and Mrs. F. W. Percival and Miss Mary Percival, of Toronto, who are staying at the Lakeshore Drive home of Mrs. Percival's brother and sister-in-law, Mr. and Mrs. Geoff M. Warren.

Rev. and Mrs. A. R. Eagles and Miss Patricia Eagles have gone to Vancouver where they will holiday for the next week or ten days.

Mrs. E. W. Basham will return home this week from Vancouver where she has been addressing the sixteenth annual convention of the British Israel Association of Greater Vancouver.

Mr. and Mrs. J. A. Palmer have been hosts to several family members within the past week. Spending the week-end with them were their son-in-law and daughter, Mr. and Mrs. L. L. Fortin, of Trail; visiting them for a few days last week were another son-in-law and daughter, Mr. and Mrs. T. D. Kilpatrick, and Heather and Tommy, of Vancouver, and currently staying as a house guest is Mrs. Palmer's sister, Mrs. R. S. Primeau, of Toronto.

Mr. and Mrs. Clinton Elliott, of Vancouver, were recent holiday visitors at the home of Mr. and Mrs. D. B. Fryer, of Kaleden.

En route from a visit in Vancouver a former Pentictonite, Mrs. Myra Patience, of Kimberley, is currently in this city renewing former acquaintances. She is a guest at the home of Mr. and Mrs. C. R. Couzens.

When Pat Stapleton left recently to spend a holiday with his grandmother, Mrs. F. W. Pattison, at Kents Island, he was accompanied to the coast by his mother and sister, Mrs. J. H. Stapleton and Jan. After a brief visit there Mrs. Stapleton and daughter motored home to Penticton.

Coast And Local Interest In Rites Solemnized Here

A wedding of interest to Vancouver and Penticton was solemnized in St. Ann's Roman Catholic Church at 10 a.m. on June 27 when Suzanne Marie Abgrall and William R. Barrie exchanged nuptial vows before the Rev. Father Patrick Bergin. The bride is the daughter of Mr. and Mrs. A. F. Abgrall, of St. Laurent, Manitoba, and the groom is the son of Mrs. Dorothy Barrie, of Vancouver, and E. Potruif, of Princeton.

The bride wearing a white lace ballerina dress with white accessories and carrying a bouquet of mixed roses and carnations was given in marriage by her uncle, Peter Monchalin.

Bridesmaid, Miss Jeanette Monchalin, cousin of the bride, wore a ballerina length dress in light blue with matching accessories and carried a bouquet of roses and carnations. Glenda Amy Collier as flower girl wore a frock of pink nylon, white accessories and carried a basket of pastel colored blooms. Gordon Brookhouse was bestman for the groom.

Among the guests at the large wedding reception held at the home of Mr. and Mrs. Peter Monchalin, were Mr. and Mrs. Romeo Sibbald and son, of Vernon; Mr. and Mrs. P. Monchalin, Manitoba; Mr. and Mrs. John Montgomerie and family from Kelowna; the Misses Jeanne Menard, Janet Watt, Jean Hindmore and Gilles Derrier, of Vancouver, and Frances Gillis, of Calgary.

Reunion Of Pioneer Haynes Family Here Recalls Many Memories

Of particular interest to the Okanagan Valley was the reunion of six members of a pioneer family, held last week at the home of Mrs. R. B. White, Skaha Lake. Together for the first time since 1900 the three sons and three daughters of the late Judge and Mrs. J. Haynes, of Osoyoos, celebrated the occasion at a dinner party for fifteen at the home of the former Miss Hester Haynes, now Mrs. White.

Historic interest is centred around the family group, Judge Haynes, the first colonial revenue officer at the Osoyoos station established in 1860, and Mrs. Haynes were the parents of six children and today they remain as the only intact group of children of the several pioneer valley families.

The development and romance of the Okanagan and Fraser Valleys are reflected in the lives of the pioneer group.

Val Haynes, the eldest child of the late pioneer couple and the first white child to be born in Osoyoos, is a cattleman at Oliver; Hester, the couple's second child, was also born at Osoyoos, the next three children of the early settlers were born at New Westminster. W. B. Haynes is now an orchardist at Oliver; Mrs. R. H. Parkinson (nee Irene Haynes) lives at Kelowna and Sherman Haynes, is a resident of San Diego, California, where he has the famous "Sherman's" entertainment centre. This is the first visit in 30 years to the valley for Mr. Haynes, named after General Sherman, who passed through Osoyoos in 1883, the year of Mr. Haynes' birth. Susan Jane Haynes, now Mrs. Gardon, of Vancouver, was born in Osoyoos.

Among those joining the six descendants of the pioneer Haynes couple at the reunion dinner were Theodore "Babe" Kruger, son of the late Theodore Kruger, who was the trader at Hudson's Bay post established in Osoyoos in 1880; Mrs. W. B. Haynes, Mr. and Mrs. Chapp

THE GARDEN at their orchard home where they have resided since coming to Penticton in 1914 made a lovely setting for the picture above, taken of Mr. and Mrs. E. J. Chambers, on their golden wedding anniversary which they celebrated today. The pioneer couple commemorated the anniversary with a family dinner on board the SS Sicomous. Among those present were their four children, Lyall and Lorne and Mrs. W. Allan Roadhouse, all of Penticton, and Mrs. E. J. Finch, Salmon Arm.

Pioneer Residents, Mr. Mrs. E. J. Chambers, Celebrating Their Golden Wedding

Mr. and Mrs. E. J. Chambers, pioneer residents of the Okanagan Valley, are today celebrating the 50th anniversary of their wedding. Both born in Ontario, Mrs. Chambers at Forest on September 5, 1873, and Mr. Chambers at Ingersoll, October 13, 1877, they were married in Winnipeg on July 8, 1903. The couple and young family moved to Penticton in December 1914 and settled on an orchard on the Lower Bench road at which home they still reside.

Mr. Chambers has always taken an active interest in the fruit industry and has been president of the Associated Growers of Vernon for the past 29 years. During their many years of residence in this city the anniversary celebrations have joined with many organizations in the development of the community.

They have four children: two daughters, Mrs. E. J. Finch, Salmon Arm, and Mrs. W. Allan Roadhouse, Penticton, and two sons, Lyall and Lorne, of this city, and eight grandchildren.

Mr. and Mrs. Chambers are being entertained this evening at a family dinner on board the SS Sicomous, where several out of town relatives will join with them in celebrating their golden wedding anniversary. Among the guests will be Mr. and Mrs. Finch, Salmon Arm; Murray Conklin, Kelowna; Mr. and Mrs. John Chambers, Victoria, and Mrs. J. Cannon, Mrs. A. Michael, Mr. and Mrs. A. Ledingham, all of Vancouver.

Redland Rebekahs Celebrate Anniversary

The final meeting before a summer recess for the Redland Rebekah Lodge No. 12 was also the 35th anniversary of the local order which was instituted here on June 20, 1918. In commemoration of the occasion a huge birthday cake complete with lighted candles was served at a banquet held at the conclusion of the evening's business session. Mrs. Frances De Laura, noble grand of the Penticton Rebekahs, and Mrs. Walter Hill, vice-grand, cut and served the beautifully decorated cake to the many guests and members present.

CIVIL DEFENCE

City Council will meet with Colonel J. Horne, of Kelowna, civil defence coordinator for the Okanagan region, on Wednesday next. A full dress discussion on defence needs is planned.

Darrell Ruby-Fumerton Weds J. E. Lancaster

A pretty wedding was solemnized on June 24 at the home of the bride's parents, Mr. and Mrs. Otto Fumerton, of Squamish, when their second daughter, Darrell Ruby, was united in marriage to James Edward Lancaster, son of C. H. Lancaster and the late Mrs. Lancaster, of Vancouver.

The dark haired bride was lovely in a gown of white Chantilly lace with matching jacket, which was closed from the neckline with its Peter Pan collar to the waist by tiny self covered buttons. Her aged pearl tiara clasped a lace edged veil in chapel length and complementing her bridal attire was a bouquet styled of red roses and white daisies.

Miss Valerie Fumerton in a gown of yellow net and lace with full skirt and matching stole was bridesmaid for her sister. She wore a white coronet and carried yellow carnations with mauve stocks and white daisies.

Gordon Gimple, of Burnaby, was bestman for the groom. Mrs. May Grant proposed the bridal toast at the reception following the ceremony. The newly married couple will reside in Vancouver.

S. H. Cornock, city assessor, was named trades licence inspector on a temporary basis by council this week.

Penticton Kiwanis Club has been asked to supply 25 workers for duty at the Peach Festival talent shows.

Pryce-Taylor Nuptials In Collingwood United Church

Teachers on the staff of the Vancouver school board were united in marriage on Saturday, June 27, at 3 p.m. when Mary Ellen Kathryn Taylor became the bride of Douglas Reginald Pryce, a graduate in music from University of Washington.

The ceremony, performed by Rev. W. Smith, took place in Collingwood United Church, Vancouver, where the groom is organist and choir director. The daughter of Mr. and Mrs. Sydney Taylor, of Vancouver, was given in marriage by her father to the son of Mr. and Mrs. Fred J. Pryce, of Penticton.

The church was beautifully decorated with delphiniums, snapdragons and pastel summer blooms, making a charming background for a ceremony.

The bride wore a floor length gown of white lace and net over tulle. The fitted strapless bodice was topped with a jacket of lace and a Juliet cap held the full length veil of illusion. Complementing her attire were long lace gloves and a beautiful bouquet of red roses, white stephanotis with trailing ivy. As jewelry she wore a necklace of pearls, a gift of the bridegroom.

Mrs. W. H. Taylor, as matron of honor, chose a gown of yellow net over tulle, similar in style to the bride's gown. She wore a coronet

of yellow rosebuds and carried mauve carnations and green laurel.

David Lawrie, formerly of Penticton, was bestman for the groom, and ushers were John Taylor, Ronald Taylor, brothers of the bride, William Shippam and Robert Kobayashi, of the University of Washington. Bruce Holman was soloist during the signing of the register.

At the wedding reception held in the spacious church auditorium the beautifully appointed bridal table was centred by the three tiered wedding cake trimmed with pink rosebuds. Tall tapers and pastel flowers added to the setting.

Assisting in receiving the large number of guests were the parents of the wedding principals. The bride's mother was attired in powder blue tulle with white accessories and a corsage of pink roses and Mrs. Pryce wearing a sky blue and white striped nylon sheer with white accessories and corsage of red roses.

Dr. W. H. Taylor, of brother of the bride, was master of ceremonies and introduced Gal Taylor, of Ladner, an old friend of the bride's family, who presented the toast to the bride which was responded to by the groom. Telegrams of congratulation were read, including a cable from England.

Several friends of the bride acted as servers. Solos and duets were given by Miss Mavis Sparkes, Derek McDermid and Bruce Holman, Theatre under the Stars performers.

For travelling on a honeymoon trip to Vancouver Island the bride wore a wool tulle in dusky rose with white accessories and a corsage of white carnations and gardenias. Her bridal bouquet was caught by Miss Mavis Sparkes. On their return the couple will reside in Vancouver where the groom has accepted an appointment at Point Grey Junior high school. Out of town guests from Seattle, Calgary, Hange, Ladner and former Penticton residents attended the wedding.

Jan Meredith Moog, Christening Principal at Anglican Church

Jan Meredith was the names bestowed on the three-months-old daughter of Mr. and Mrs. Donald E. Moog at a christening ceremony held on Sunday afternoon in St. Saviour's Anglican Church with the Rev. A. R. Eagles as officiating clergyman.

A dainty baptismal robe which had been worn at the christening of her mother and aunt was worn on the tiny girl who is the granddaughter of Mr. and Mrs. Jack Reading, Three Mile, and Mr. and Mrs. Frederick Moog, of this city. Godparents for Jan Meredith are her aunt, Miss Betty Moog, Miss Ellen Hughes and Noel Evans.

A lawn party reception was held following the christening ceremony at the home of Mr. and Mrs. Reading. Among the several guests present were the christening principal's maternal great grandparents, Mr. and Mrs. Sydney Redhead of this city.

Current visitors at the home of Mr. and Mrs. J. J. Stapleton are their son-in-law and daughter, H. A. Spencer and Dr. Mary Spencer of San Leandro, California.

DIAL 4055

A JUNE WEDDING of interest to the Okanagan Valley and to Alberta was solemnized recently in Penticton at the St. Andrew's Presbyterian Church, by Rev. Samuel McGladdery, B.A., B.D. Pictured above are Mr. and Mrs. Darrell Patterson Simpson, of this city, cutting their wedding cake at the reception held in the Glangarry Room of the Hotel Prince Charles. The bride is the former Miss Jeannine Shirley Anne Frith, daughter of Mr. and Mrs. Percy A. Frith, Jr., of Edmonton, and the groom is the son of Mr. and Mrs. D. Perley Simpson, of Osoyoos.

Simpson-Frith Vows Pledged Before Floral Banked Altar in Presbyterian Church Here

Regal lilies, roses, larkspur and potted ferns banking the altar of St. Andrew's Presbyterian Church formed a lovely setting for the ceremony on June 27 in which Miss Jeannine Shirley Anne Frith, of Edmonton, became the bride of Darrell Patterson Simpson, of this city. Rev. Samuel McGladdery, B.A., B.D., was the officiating clergyman at the pretty summer rites.

The bride, who is the daughter of Mr. and Mrs. Percy A. Frith, Jr., of Edmonton, was given in marriage by her father to the son of Mr. and Mrs. D. Perley Simpson, of Osoyoos. Layered nylon net over tulle and satin trimmed with deep Valencia lace fashioned the bridal gown in ballerina length. Topping the strapless bodice was a lace jacket designed with sleeves in lily point. Peter Pan collar and miniature self covered buttons closing the front from neck to waistline. Misting to finger tip length was a lace edged illusion veil clasped by Juliet cap of lace embroidered with pearls. The charming bride carried a white Bible crested with pink sweetheart roses and valley lilies to complement her attire.

Softly shaded bridal pink was chosen by the trio of attendants for their frocks. Miss Marilyn Frith, sister of the bride, as maid of honor, and Miss Maribel Burch, as bridesmaid, wore frocks styled identically of net and tulle with ballerina length with matching jackets. They carried colonial bouquets of pastel colored flowers and wore finger mitts and large picture hats of pink net. The groom's niece, Miss Shirley Dianne Lewis, of Osoyoos, as flowergirl was adorable in organza over ermine. She wore a circlet of pink rosebuds in her hair and carried a satin basket of matching buds intermingled with mauve sweetpeas.

John Gullbault was bestman for the groom and ushering were William Hall, of this city, and Wallace Wahl, of Edmonton. Mrs. Harvey Boone and Miss Margaret Boone, both of Oliver, were soloist and duet respectively, the former singing "Because" during the signing of the register.

Among the many telegrams received by the wedding principals was one from Joseph McCully, president of Hart House, University of Toronto. The bride received her education in Edmonton and the groom attended school in Oroville, Washington.

Out of town guests at the wedding were Mr. and Mrs. Jack Frith, Mr. and Mrs. William Wiley, Mr. and Mrs. Alfred Findlay, all of Vancouver; Mrs. Ronald Winter, Seattle; Mr. and Mrs. Robert Conn and Mrs. V. Conn, of Kelowna; Mr. and Mrs. Harvey Boone, Miss Margaret Boone, Mr. and Mrs. N. V. Simpson, Mr. and Mrs. J. A. Stowell, all of Oliver; Mr. and Mrs. Raymond Findlay, Mr. and Mrs. James Carley and Hartley Simpson, of Kaledon; Wallace Wahl, Miss Marilyn Frith and Darrell Frith, of Edmonton; Mr. and Mrs. Tom Hulton and Mrs. and Mrs. T. H. Lewis, of Osoyoos.

Hopes for growing friendship between the people of Penticton and the people of Waterloo, Ontario, was expressed in a letter to council from Mayor Roberts of that eastern city. The mayor recently received a copy of the souvenir hockey banquet program printed by The Herald, a gift from Mayor Rathbun.

More than a hundred guests attended the reception held in the floral decked Glangarry Room of the Hotel Prince Charles. Assisting the wedding entourage in receiving the guests were the parents of the wedding principals, the bride's mother in black sheer over pink tulle and the groom's mother in a gown of charcoal and silver tissue with black velvet cloche and accessories. Her corsage was styled of deep red roses.

The bride's table ornamented with roses and lighted tapers was centred by a three tier wedding cake. Servers at the reception were Miss Irene Stowell, Oliver; Miss Marjorie Betts and Miss Mervie Briggs, both of Penticton; Henry T. Lewis, of Osoyoos, and Marie Guilbault, of this city, were in charge of the punch bowl. Toasts were proposed to the bride and attendants by John Gullbault, Wallace Wahl, Percy Frith and Oscar Matson. Background music at the reception was furnished by Saxie's Orchestra.

The bride donned a pink linen three-piece suit, small pink straw hat, white accessories and corsage of white baby orchids when she and her groom left for a motor trip honeymoon to Southern California and Mexico. The newlywed couple will reside at the Beverly Apartments where Mr. Simpson is general manager of Valley Food Plan Ltd.

Among the many telegrams received by the wedding principals was one from Joseph McCully, president of Hart House, University of Toronto. The bride received her education in Edmonton and the groom attended school in Oroville, Washington.

H. Lewis, of Osoyoos.

Hopes for growing friendship between the people of Penticton and the people of Waterloo, Ontario, was expressed in a letter to council from Mayor Roberts of that eastern city. The mayor recently received a copy of the souvenir hockey banquet program printed by The Herald, a gift from Mayor Rathbun.

More than a hundred guests attended the reception held in the floral decked Glangarry Room of the Hotel Prince Charles. Assisting the wedding entourage in receiving the guests were the parents of the wedding principals, the bride's mother in black sheer over pink tulle and the groom's mother in a gown of charcoal and silver tissue with black velvet cloche and accessories. Her corsage was styled of deep red roses.

The bride's table ornamented with roses and lighted tapers was centred by a three tier wedding cake. Servers at the reception were Miss Irene Stowell, Oliver; Miss Marjorie Betts and Miss Mervie Briggs, both of Penticton; Henry T. Lewis, of Osoyoos, and Marie Guilbault, of this city, were in charge of the punch bowl. Toasts were proposed to the bride and attendants by John Gullbault, Wallace Wahl, Percy Frith and Oscar Matson. Background music at the reception was furnished by Saxie's Orchestra.

The bride donned a pink linen three-piece suit, small pink straw hat, white accessories and corsage of white baby orchids when she and her groom left for a motor trip honeymoon to Southern California and Mexico. The newlywed couple will reside at the Beverly Apartments where Mr. Simpson is general manager of Valley Food Plan Ltd.

Among the many telegrams received by the wedding principals was one from Joseph McCully, president of Hart House, University of Toronto. The bride received her education in Edmonton and the groom attended school in Oroville, Washington.

Out of town guests at the wedding were Mr. and Mrs. Jack Frith, Mr. and Mrs. William Wiley, Mr. and Mrs. Alfred Findlay, all of Vancouver; Mrs. Ronald Winter, Seattle; Mr. and Mrs. Robert Conn and Mrs. V. Conn, of Kelowna; Mr. and Mrs. Harvey Boone, Miss Margaret Boone, Mr. and Mrs. N. V. Simpson, Mr. and Mrs. J. A. Stowell, all of Oliver; Mr. and Mrs. Raymond Findlay, Mr. and Mrs. James Carley and Hartley Simpson, of Kaledon; Wallace Wahl, Miss Marilyn Frith and Darrell Frith, of Edmonton; Mr. and Mrs. Tom Hulton and Mrs. and Mrs. T. H. Lewis, of Osoyoos.

Last Rites For C. J. Huddleston Of Summerland

A man popularly and well-known throughout the southern interior for almost a half century, Cecil Jervoise Huddleston, was laid to rest in the Anglican Cemetery in Summerland yesterday, following services conducted in St. Stephen's Church by the Rev. Canon F. V. Harrison.

Mr. Huddleston, a genial man whose greatest satisfaction lay in service to his community, was a recipient of the Summerland Good Citizen award. He first came to that area in 1905, from his native Suffolk in England, and since then, as a prominent orchardist, he had been active in many organizations.

He served Summerland as its reeve and was particularly prominent in the affairs of the growers over the years. He was a member of the West Summerland Masonic Lodge.

In failing health latterly, he passed away last Saturday, at the age of 78, in the West Summerland Hospital.

Application of J. Kozlowski for permission to erect a warehouse at an estimated cost of \$1500 on the lane at the rear of his property, which is in a residential area, was referred by council on Monday to the Town Planning Commission. It was noted that a similar request made some months earlier had been denied.

The opossum, found in most states, belongs to one of the oldest living families of mammals.

Similarity In Phone Numbers Cause Of False Fire Alarms

Because the similarity between the emergency fire telephone number and the numbers used by the telephone exchange here is resulting in many mistaken alarms being turned in each month, Penticton fire chief H. M. Foreman has asked for a change in telephone numbers.

At present the emergency number is 112. Numbers 113 and 114 are telephone company numbers. Frequently persons calling the telephone company err with the result that an alarm is sounded in the fire hall.

"We get mistaken alarms resulting from errors made by people calling other numbers, too," Mr. Foreman says. "Our mistaken alarms average about 100 a month."

At present the fire chief is corresponding with the company's head office at Vernon, seeking a change in the emergency number.

Report Of New Store For Simpsons - Sears Not Yet Confirmed

Is there to be a new Simpsons-Sears store operating in Penticton or not?

This was the question looming large among Penticton's business people as the Herald went to press today.

Last week an announcement over the radio and in the coast press gave extensive publicity to the statement that two well-known Penticton residents of substantial means were building a new structure at the southeast intersection of Nanaimo and Martin, and that this would be occupied by Simpsons-Sears, which would be moving from smaller premises now in use on Main street.

Yesterday, however, a high official of Simpsons-Sears wired the Penticton Herald from Vancouver to this effect:

"We are at present operating a store in Penticton and have no further immediate plans."

C. E. Roney, local manager of the company, told the Herald he had no confirming information. In this perplexing situation the Herald phoned Vancouver and from Simpsons-Sears headquarters yesterday received the further statement that "there is absolutely no confirmation."

The two local men involved in the deal, or purported deal, are Oscar Matson and Stanley Guile.

Mr. Matson is at present en route to a service club convention in Chicago and is unavailable for comment as to the recently received wire by the Herald from Simpsons-Sears.

Mr. Guile told the Herald yesterday that negotiations had been very largely in the hands of Mr. Matson, with whom he will be a partner in the new building project.

He said he regretted it if publicity had seemed premature but he added that he felt he and his partner had good reason to feel that at least a verbal deal had been consummated, with certain details already apparently agreed to. He acknowledged that no lease rental agreement had been definitely signed.

Mr. Matson, he said, had given the report to the radio station last week, and no doubt felt confident at the time that he could do so.

Mr. Matson confirmed the same story to the Herald before he left for the coast. He was absent, however, when the Simpsons-Sears denial wire came here yesterday.

Last week Mr. Matson said that the new building would arise on the site of the old "Hub" bowling alleys and restaurant, a well-known centre destroyed by fire some considerable time ago. Business people in that area, he felt, would be glad to learn that the last gap in Nanaimo avenue in the business section would now be filled.

The building, Mr. Matson stated further, would consist of twelve-inch punice block, with heavy beams to allow of one or two stories if necessary. To begin with, however, it would be of only one storey. The plan was for a glass-front, store-style building, 57 by 107 feet, of fireproof construction. Mr. Matson also owns further property to the rear, which could also be available for further expansion. The former Greyhound bus depot, occupied, is at the actual corner of this intersection, with Mr. Matson owning property on both sides, on Martin and Nanaimo.

The former depot would still remain there for the present, according to Mr. Matson, and, so far as he knew, was not included in any deal.

His final comment was that next week would see the start of building operations at the site in question.

Large Sailing Sloop Launched At Kelowna

Largest sailing sloop ever to be launched in the Okanagan, touched the waters of Lake Okanagan Monday. Built by the Kelowna Boat Works, the vessel is 30 feet long.

Owned by Johnny Dedora, of Vernon, it was named "Lady Ellen" after his wife. The sailing boat has sleeping accommodation for four as well as a cook's galley.

The Prince George Board of Trade is seeking support for a resolution it has passed asking for the grading of restaurants in the province on a basis similar to that the tourist camps are graded by the department of trade and industry.

Traffic Lanes

(Continued from Page 1.)

special council committee meeting passed on to me by Mr. Andrew, I would respectfully ask council's reconsideration of the above matter. I believe it may have been personally instrumental in making the original request to Mr. McCallum at Victoria over two years ago. At this time it was felt that four moving lanes on Main street would speed traffic and that there was theoretically adequate room for all lanes. Subsequently, the additional lines were painted on Main street and undoubtedly the handling of traffic was facilitated.

There are probably many streets, both in this province and elsewhere, with no more room for the moving lanes than in Penticton, where four-lane traffic is operating successfully. However, in our particular case the extent of the four-lane traffic is so limited as to make it hazardous for even a reasonably alert driver when getting out of his vehicle on the driver's side. Several accidents were caused due to passing on the wrong side, during 1951, which were attributed to the extra lanes.

This matter has been discussed with Mr. Harding, department of public works traffic engineer, within the last few weeks and he is definitely unfavorable to the re-introduction of four moving lanes. In addition, the matter has been discussed with the RCMP here and with Mr. Cousins, also within the last few weeks, and it is agreed on all sides that four-lane traffic is undesirable.

It is also very doubtful whether, should an application be made to the department of public works, any action would be taken this year since the centre line painting crews are already out in the field and have received their instructions for the year. I am also quite sure that Mr. McCallum would be likely to turn down the application.

For the above reasons I would request council's reconsideration of the matter as I feel that the painting of the additional lanes would constitute a definite traffic hazard. Council should be warned that while we "got away" with a number of minor accidents only, when four-lane was operating on Main street in 1951, it was only a matter of luck that these accidents were not more serious or possibly even fatal. The major causes of many of these accidents were either the opening of doors on the driver's side in the face of traffic passing in the lane next to the parked cars, or due to cars turning from the centre lane into the right hand lane whilst being overtaken on the wrong side.

The Vernon Canadians and Kamloops Okonots played off two league games in a July 1 doubleheader with Vernon winning one 9-7 and Kamloops the other 12-6.

SEEK LEASE POWERS FOR PARKS BOARD

Proposed leasing of park land at Skaha Lake to the Lancaster Theatre Company, not yet finalized, prompted close scrutiny of the Municipal Act and both council and parks board learned that, under the Act, the parks board has no authority to lease park property.

Opinion of the city solicitor is that the Act is far from clear in its definition of authority, but that apparently authority rests with the City Council, although council must have the approval of the parks board.

Both groups are anxious to have this situation remedied. The parks board and council believe that an elected parks board should have power to enter into short term leases which has been the practice up to now.

Council now proposes to submit a resolution at the forthcoming UBGM convention seeking amendment to the Municipal Act to provide parks boards with authority to enter into short term leases. In the meantime, to comply with the Act, a by-law is being prepared which will set up a council committee, along with three bona fide property owners who could enter into leases for park property.

Regarding the Lancaster Theatre Company lease, a public hearing will be held in the council chambers next Monday at 7 p.m. A letter from Mr. and Mrs. R. V. White, published in the letter column of this paper, of which a copy was sent to Council, will be considered at this hearing.

The hearing is necessitated because of the proposed five year tenure of the parks property to be leased to the company, although council is not obligated to act on the opinions expressed at the hearing.

The nest of the hammer-head bird has a roof strong enough to bear the weight of a man.

B.C. Chamber Of Commerce Meets Here Saturday

A full day of business is expected to be conducted here Saturday when the directors of the B.C. Chamber of Commerce meet in the Hotel Prince Charles.

The sessions, which will start at 9:30 a.m. and will probably continue until 5 p.m., will be featured by an address "The business outlook in B.C. — after the election" by Howard J. Mitchell at the luncheon meeting.

Although the convention is actually a directors' meeting members of Boards of Trade throughout the valley will be invited to listen to the discussions.

A no-host dinner, as well as the no-host luncheon, has been planned and in addition a social hour will be held at 6 p.m.

Guests at the meeting will include the Hon. H. H. Stevens.

William Osgood, appointed in 1922 as the first chief justice of Upper Canada, died in 1824.

POWER STEERING...POWER BRAKES

Now teamed with MERCURY V-8 performance!

Mercury presents all-new steering ease—all-new feather-light stopping, teamed with smooth V-8 performance. Mercury with new Power Steering* responds more gently—more surely than ever before. Mercury with new Power Brakes* eases up to safe, silken-smooth straight-line stops. Mercury with Merc-O-Matic Drive* makes driving almost effortless—utterly smooth in all speed ranges.

Road Test Mercury—easier handling, smoother riding and livelier performance will win your praises, too. You'll enjoy the feel of smooth power as the 125 Hp. engine—V-8 as always—whispers along—so economically. After a Road Test—you'll agree '53 Mercury is the greatest yet!

MERCURY with MERC-O-MATIC DRIVE*—so easy to handle—driving is almost effortless—utterly smooth in all speed ranges. Merc-O-Matic Drive* the simplest, smoothest, most efficient automatic transmission, is available on all models. Thrifty Touch-O-Matic Overdrive*, also available at extra cost, saves up to 15% on fuel. Silent-case synchronized transmission is standard.

*Optional at extra cost

NEW FINGER-TIP STEERING EASE

Mercury POWER STEERING* lets you park in the tight spots with ease. When more than finger-tip pressure is needed, hydraulic "muscles" take over—make turning 3 times easier. Mercury POWER STEERING* now available on all models, keeps all the vital feel-of-the-road. There's no back spin—no wheel fight—fatigue is reduced—driving is enjoyable and safer.

LIGHT AS A FEATHER SAFETY STOPS!

All-new optional POWER BRAKES* require little more pressure than the accelerator. Assure smooth, quiet, straight-line stopping—up to 50% easier, and faster, too. With Mercury POWER BRAKES the weight of your foot holds car on a hill. Mercury POWER BRAKES combine vacuum-hydraulic operation with suspended pedal action. You can pivot foot from gas pedal to brake to cut reaction time.

MERCURY V-8 as always!

MERCURY MONTEREY CUSTOM COUPE

Whisper tires, rear fender shields and bumper-grille guards are optional at extra cost.

\$4,000 Released To Parks Board

Release of a \$4,000 contingency fund, set aside in the budget by the Parks Board for the Penticton Hockey club, will enable many park buildings to be painted, provide two new concession stands at the arena and will enable a start to be made on the addition to the Gyro Park bandshell.

On Monday J. A. Young, parks board chairman, waited upon council to ask release of the contingency fund, of which, \$1,000 will be earmarked for painting; \$500 for the concession stands and \$2500 for the band shell addition, Mr. Young told council.

Members of the city band will donate labor to building the bandshell addition which, it is estimated, can be walled and roofed at a cost of \$2500.

Three thousand dollars locked up in the budget to provide for upkeep and maintenance of the now non-existent aquatic building would provide the money to finish the building, Mr. Young explained. He intimated that the parks board

Bands From City And Summerland Hold Annual Picnic

Visitors and residents taking their ease near Gyro Park on Sunday, were treated to a joint band concert presented by the Summerland and Penticton bands.

The two groups were meeting for the annual band concert and picnic held every year in a different Okanagan centre.

Normally, bands from Vernon and Kelowna also participate in the annual event but this year only the bands from Summerland and Penticton were present.

Norseman on Atlantic voyages established themselves in Greenland as early as 982 A.D.

would request council to submit a bylaw asking the electorate to release this money.

The bylaw is expected to be put to the people at the same time that the hospital building plebiscite is submitted.

Council and parks board will also confer upon the possibility of incorporating public rest rooms in the addition to the bandshell.

Sunny Skies, Huge Crowd For Osoyoos Annual Celebration

By MRS. K. LACEY

OSOYOOS—The Osoyoos Cherry Carnival in five years has grown to be one of the entertainment highlights in the Okanagan Valley, and this year proved no exception. After practically a month of wet and stormy weather July 1 was perfect. Bright warm sun and a gentle breeze combined to give the water enthusiasts and spectators alike a perfect day.

Starting with the parade which was outstanding for a small town, both in size and variety, the day's activities got underway. There were 38 entries in the floats and equestrian sections, and between 40 and 60 entries in the children's parade.

The Penticton Legion Pipe Band, the OHS Band and the newly organized Osoyoos School Band, riding on a beautiful float, were very much appreciated by the crowd, while the scarlet tunics of the local detachment of the RCMP added greatly to the color and impressiveness of the day, especially for the US visitors.

Of particular interest was the first appearance of a float from Bridesville, representing the 4H Club, complete with club members, a fine whiteface calf, and drawn by a tractor, driven by one of the 4H girls.

The saddle horse entries added to the variety, as also did the horse-drawn float of the Gyrettes complete with beach and gay nautical bathing beauties.

At the bandstand, situated amongst the many trees in the park, and suitably decorated for the occasion, the crowning ceremonies took place. C. E. Emery, chairman of the Village Commissioners, officially declared the carnival open and introduced the guest speaker, Mayor W. A. Rathbun, of Penticton. Eric Lohlein, on behalf of the Cherry Carnival committee, extended a warm welcome to all the people present and the sincere thanks of the committee to all who had helped to make this year's carnival possible.

Bob Jenks, as master of ceremonies, introduced the Queens and visiting royalty. The retiring queen, Queen Wilhelmina, after a short speech, placed the crown on the head of the new queen, Queen Evelyn. The 1951 queen, Miss May Chernoff, gave a short address as did Miss Joan Nagle, Miss PNE of Penticton, and the 1953 Rodeo Queen of Keremeos, after which the sports events got underway.

There was much attention centred around the barbecue pit when it was opened. The beef, which had been donated by Val C. Haynes, pioneer cattleman of the district, was prepared and cooked under the supervision of Ed Lacey, Sr., and the staff of the Penticton Meat Market, and who were all on hand to slice the meat as it came from the pit where it had been cooked to perfection. Tables had been set out under the trees, close to the pit, and Mrs. Kaiten's well-organized crew took over as the meat was sliced, placing the slices on bread and passing it out in true western hospitality style to a steady stream of people as they filed by on either side of the enclosure.

A table well filled with barbecue sauces and catsups was also on hand. The highlight of this event was the arrival of Mr. Haynes and his two brothers, Will, of Oliver, and Sherman, of Los Angeles, and a sister, Mrs. Susan Gardon, of Vancouver. Sherman Haynes had arrived the day before for a family reunion, the first in many years.

Val Haynes was the first white child born in Osoyoos, 78 years ago last December. All the other mem-

ton. Ladies open, 100 yard breast stroke: Linda Ghezzi, Beverly Veale.

Best decorated doll carriages: Myrna Relavish, Gail Hockstetter, Blanche Higgenbottom.

Pet: George McKee.

Best groomed pet, Howard Hebig.

REJECT SUBDIVISION
Application of William Medd to subdivide property on Churchill avenue was rejected by City Council on the grounds that the proposed lots are too small. Policy is that all lots within a half mile radius of the intersection of Westminster avenue and Main street must be at least 60 feet wide and 120 feet deep. The Town Planning Commission had previously recommended the subdivision should not be approved.

There was approximately 3,100 slices of barbecued meat and bread handed out.

In the draw for the cash awards Sergeant J. Luter, Seaford Armories, Vancouver, won the fifty dollars; John Rogers, of Osoyoos, won the forty dollars, and Miss Sally Garrecht, of Osoyoos, the thirty dollars.

TROPHY WINNERS

SUMMER NEEDS
From Neve-Newton's

Before you go out for "Fun under the Sun" be sure that you are properly protected from Old Sol's penetrating rays for he can do you harm instead of good if you're not careful!

- SUN GLASSES of good quality to protect your eyes... we have them in a multitude of sizes, shades and styles.
- SUN BURN CREAMS to help smooth the irritation and harmful effects of too much sun on tender skins!
- SUN TAN LOTIONS to give you that exotic even tan that radiates beauty, health and Summer vigor!
- INSECT REPELLENTS, not needed on our lovely Penticton beaches but necessary for fishing trips and camping out.
- BEAUTY CREAMS and COLOGNES... so very, very necessary in Summer... so lovely to use... so refreshing and flattering... you'll love them all.

These are but a few of the hundreds of Summertime needs you'll find in the complete displays at Neve-Newton's.

IF IT'S new... IF IT'S nice... IT'S AT NEVE-NEWTON'S

Here They Are!
THE WINNERS!
in Cranna's big

CROWN JEWELS SCRAPBOOK CONTEST

During the past several weeks Cranna's advertisements in the Penticton Herald have featured the "Story of the Crown Jewels" in picture form and students of the Penticton Junior-Senior High Schools and the Elementary Schools were invited to use these features as the basis for Coronation Scrapbooks and two lovely watches were offered as prizes, one for each School group.

The response was wonderful! Last Tuesday afternoon the judges, Mayor W. A. Rathbun, Lyman H. Seney, President of the Board of Trade, and R. L. Sharp of the Penticton Herald, assisted by Don Cranna, were faced with the terrific task of choosing the winners from among the many, many very presentable and interesting entries. So difficult was the task indeed, that it was decided to give several lesser prizes for the "Honorable Mentions."

Junior-Senior High School Winners:

1st Prize—
\$45.00 Watch,
Barrie Gartrell,
230 Abbott Street.

Special Honorable Mention: Pat Darters, Naramata, B.C., Marion Campbell, 198 Huth Avenue.

Honorable Mention: Corina Butt, 1060 King St., Shirley Myers, 218 Douglas Avenue, Ruth Weeks, 418 Young St., Ethel Sunderman, 608 Victoria Drive.

PRIZE WINNING SCRAPBOOKS AND THEIR PRIZES WILL BE ON DISPLAY IN CRANNA'S WINDOWS until Tuesday, July 14th, after which both the books and prizes may be picked up at Cranna's by the contestants.

Cranna's would like to express their sincere thanks to all the boys and girls who participated... everyone taking part will receive a small gift from Cranna's.

Application For Fruit Stand Referred To Planning Commission

Request of W. Blagdon to operate a fruit stand for the disposal of his own produce was referred by City Council on Monday to the Town Planning Commission. Mr. Blagdon proposes to establish a stand on property other than his own, which

requires consideration, as the zoning bylaw only authorizes such sale outlets on the vendors' own property.

Automobile production nearly equals the birth rate in the U.S. From 1945 to 1950, there were 15,000,000 babies born and 14,500,000 cars manufactured.

WATCH FOR IT!

Multitudes, multitudes, in the valley of decision: for the day of the Lord is near in the valley of decision! Read Ezek. 38th and 39th chapters. — Inserted by the British Israel Association, 1238A Seymour St., Vancouver, B.C.

THE RAISED EYEBROWS of Prime Minister Sir Winston Churchill would seem to indicate conversational surprise but the cameraman explains the outstretched hands and pointed finger as an approach to a welcoming handshake with Mrs. George C. Marshall, a luncheon guest at 10 Downing street, London. Gen. Marshall, centre, wears the medal presented him by the British Government in his capacity as official representative of President Eisenhower, of the United States at the coronation of Queen Elizabeth.

NEWS FROM Victoria

By J. K. Nesbitt

VICTORIA — Few political leaders in our history have had the astonishing success of Premier W. A. O. Bennett. Results of the June 9 election are a tremendous tribute to him and his Social Crediters. There's no other way of looking at it. There's no use saying they sneaked in; that the whole movement's just a flash in the pan. It's none of these things. Social Crediters didn't sneak in; they were elected by more people than ever elected a B.C. government before; the movement is no longer a flash in the pan; it's here, in government, for eight or 10 years.

Our sour cherry in the beautiful, beautiful Social Credit pie is Oak Bay, where Minister of Finance, Mr. Gunderson, lost to Liberal P. A. Gibbs. Mr. Bennett wants Mr. Gunderson to continue as Minister of Finance. He no doubt will. There's no rule to say a cabinet minister must also be an M.L.A. It's customary, of course, but a man can carry on in the cabinet, but cannot take a seat in the House.

The Premier doubtless knows it would be unpopular with the public to have a Social Credit resign his seat so that Mr. Gunderson could run. This happened twice last year, when Mr. Gunderson and Attorney-general Bonner were first seated. However, a little of this goes a long way.

At the autumn session of the Legislature, the Premier could have two or three extra seats added to B.C.'s 48 — and could have by-elections in the new seats before the Spring session. In this way he could easily get Mr. Gunderson into the House.

Oak Bay's Mr. Gibbs has a high place in B.C. political history. He's a giant killer, if ever there was one. He has now beaten two Ministers of Finance — Mr. Anscomb in 1952, Mr. Gunderson last year. Thus, diminutive Mr. Gibbs is a man of vast political accomplishment.

So far, of those leading on first count, all are making it, with the exception of four. Mrs. Tilly Rolston could lose in Point Grey to Liberal leader Arthur Laing. And of the four, so far, who lost out on second and third counts, two were C.O.F.s — in Prince Rupert and Lillooet, where the Liberals won; Nanaimo, where Conservative Dr. Larry Giovando won, though he could be toppled on a recount, and in Oak Bay, where Mr. Gunderson lost.

This column has mentioned before the extraordinarily methodical way the public has been eliminating Liberal and Conservative parties. In the 1952 election four Conservatives were elected, and six Liberals. This year, one Conservative, and three Liberals, though Mr. Laing could make it four. Thus, the determination would appear to be first to eliminate the Conserva-

tives, then the Liberals. This year the Conservatives took a 75 per cent cut in House representation. The Liberals a 50 per cent cut. And, if Dr. Giovando should finally lose out in Nanaimo, that's the end of the Tories in the B.C. House.

I went to a meeting here for Conservative leader George Drew. There was something very sad, and yet very grand, about the people who sat on the platform. If ever a platform symbolized political defeat, it was that platform — and yet, there they sat, defiantly, courageously, no deserting of the sinking ship for them, no fleeing to Social Credit in the Tories' hour of need.

Most conspicuous among the defeated ones was Herbert Anscomb. The thought flashed through this reporter's mind that what a shame it is that the gambles of political life have silenced this finest political speaker in B.C. — yes, the very finest, even if you can't agree with what he says. There he sat, mutely, in the shadows, while others spoke, and if they were good, Herb Anscomb could have been far, far better — and this includes polished political orator Drew himself. What a shame, and all because Herb Anscomb is a Conservative.

Deane Finlayson, defeated B.C. Conservative leader, was on the platform, too. He's a pleasant young man, and everyone but the impersonal voters likes him. Chairman Haldane, introducing Mr. Finlayson, said: "Perhaps he's not so well known to you now, but in a few years you will know him as the Prime Minister of British Columbia." Well, now, there's optimism for you.

Young Mr. Finlayson blinked at this, and was no doubt astonished. Then, his hopes soaring once more, he said, and quite modestly: "I would be hesitant to make any prediction, but I know — indeed, I feel in my bones that it will be in due time."

Jack Mertz Again Heads City Local Of Carpenters' Union

Jack Mertz was re-elected president of the Penticton local 1696 of the United Brotherhood of Carpenters and Joiners of America at the group's recent meeting here.

Also re-elected was Paul Maalenki, vice-president. A. L. Bunc is treasurer and T. O. Hawtree is recording secretary.

The positions of treasurer and recording secretary are newly established. Previously the duties were combined under the office of financial secretary.

First settlers in Pictou County, Nova Scotia, came from Philadelphia in 1767, followed by Scottish Highlanders in 1773.

Operation Of New Packinghouse At Cawston Underway

KEREMEOS — Work in the Valley's newest fruit shipping organization, the Similkameen United Growers' Cooperative, got underway last week with the packing of Bing cherries. Situated at Cawston and constructed by its owners this spring, the splendid new warehouse, which is nearing completion, and the 40,000 box cold storage of the most modern type now under construction, both by the Dalrymple Construction Company of Penticton, are an asset to the Valley and to the town of Cawston, the latter named for an outstanding pioneer family, that of the late R. L. Cawston.

To the south lies the recently developed V.I.A. project and some very fine privately owned fruit and hay benchlands, the rapid development of which proves the sound judgment of the early settlers who saw fit to make their homes and livelihood in this highly productive part of the southern interior.

A fine type of home has been and is being built in this district, some by the owners in spare moments, some by contract, all a credit to the spirit of optimism which pervades the undertaking.

Orchards are already coming into bearing and a bright future should lie in store for those engaged in the venture. Included in those whose crop will go through the new packinghouse are some large older orchards in the Keremeos and Cawston districts.

A board of directors selected by the growers in the new cooperative are president, J. C. Clarke; secretary-treasurer, J. S. Sykes, and directors J. F. Dawson, J. H. East and J. S. Sanderson.

Chenille bedspreads that have been washed will be more fluffy if hung over the line so that the chenille sides rub together.

Lightning Disrupter Of Power Service

The 30 minute power outage last week was caused by lightning striking a power pole, it was reported to City Council on Monday. The bolt also ruptured one of the West Kootenay Power and Light Company's telephone lines and lack of communication served to extend the time of the outage. The company is planning installation of radio-telephone service which would eliminate such delays from disrupted communications, council was informed.

The amount of Kerotene in the animal's diet determines the yellow color of the beef fat. The more kerotene in the feed, the yellower the fat.

NO POLICY ON LAND DISPOSAL
No policy regarding disposal of land on the east side of the new channel of the Okanagan River has yet been established, but City Council will be kept informed on the matter, the Department of Lands and Forests stated in a letter submitted to council on Monday.

This is a pie that will be welcome at any party or at Sunday dinner! It has a Strawberry Cheese filling in an easy graham cracker crust.

Strawberry Cheesecake

For the graham cracker crust, combine 1 1/2 cups graham cracker crumbs (about eighteen crackers), 2 tbs. sugar, 1/4 tsp. nutmeg and 1/3 cup softened butter. Blend thoroughly. Press crumbs firmly on bottom and sides of a 9-inch cake dish. Bake in moderately hot oven (375 degrees F.) 6 minutes or till lightly browned. Cool.
For the filling you will need: 1 package lemon pie filling, 1/2 cup sugar, 1/4 tsp. salt, 1 1/2 cups water, 1 egg, beaten, one 8-oz. package cream cheese, 1 tsp. plain gelatin, 2 tbs. cold water, 1 cup boiling water, 1 cup strawberry preserves.
Blend pie filling, sugar and salt in a saucepan. Gradually add 1 1/2 cups water and the egg, mixing thoroughly. Cook over low heat until thickened, stirring constantly. Soften cream cheese; gradually stir in lemon mixture. Beat with 1 package lemon pie filling, 1/2 a rotary egg beater until smooth.

Osoyoos Notes

OSOYOOS — Starting July 2, Miss Alice dePyffer of Kelowna will act as swimming instructor and life guard for July and August. A fee of one dollar will be charged for instruction for the two months, this being necessary to finance the project. All children school age and under are urged to take advantage of this opportunity and adults may also apply for instruction.

The infant daughter of Mr. and Mrs. M. Tychoer was christened Gwenneth Joanne at the Oliver United Church, Rev. S. Peke officiating, on June 21. Godparents were Miss Rose Harris, of West Summerland, and Gordon Prentice, of Vernon.

At the recent examinations conducted in Osoyoos by Douglas Hawbridge, professor at the Royal Academy of Music, London, the highest music marks ever given in the Okanagan came to some of the Osoyoos pupils.

Three students gained distinction which requires a mark of 87 percent or higher. Joan Fesser received 91 percent, Margaret Coombe 88 percent and Nora Emery 87 percent.

All students entered by Mrs. D. Fraser passed and the average mark was 78 percent. Detailed results are as follows:

Grade one — Margaret Coombe, Nora Emery, Joan Fesser, Marilyn Robinson; grade two — Catherine Driver, Shirley Gaertner, Audrey Geryluk, Carole Hoffman, Charlotte Kish; grade four — Anne Emery, Jean Gold, Margaret Lohlein; grade seven — Shirley Nielsen.

Two new auto courts have opened up recently in Osoyoos — the Rodan Reel Auto Court, owned by Dewey Nelson, and Boundary Auto Court owned by Mr. and Mrs. Paul Yachiansky. A special feature is a separate building equipped with canning machine and other facilities where guests may can fruit and vegetables.

The Rialto Hotel reports a very busy week with a large number of American visitors over the week-end. They were also hosts to the

Bathing Beauty entries from out of town for the Cherry Carnival.

Tourist travel is picking up rapidly. All auto courts report a big increase in business. The Poplars Motel had a wide variety during the week, having guests from Florida, Oregon, California, and Colorado.

C. A. Mitchell and daughters Marian and Helen were visitors in Osoyoos last week.

Mr. and Mrs. John Ready, manager of the Barclay Bank of Vancouver, is holidaying at View Point Auto Court.

Mrs. Dorothy McKibbin has her sons, Bob, from Vancouver and Bill, from Portland University, home for the summer while her daughter and son-in-law, Mr. and Mrs. Fred King, and baby daughter, will be here this week for a short visit and family reunion.

Cherries are coming in to the local packinghouses and, in spite of several recent rain storms, the percentage of splits to date is quite small. Cakes are coming in in increasing numbers every day and new potatoes.

The local hardware and furniture stores will be open Wednesday morning for the balance of the summer.

Spraying Kills Poison Ivy In Haynes Park Area

OLIVER — The IOOF report that the results of the spraying of poison ivy at the Haynes International IOOF Park south of Osoyoos are highly satisfactory. A small working party carried out the project about two weeks ago and it is now possible to see that a pretty complete job of irradiation, over the 5 or 6 acres treated, has been done. Increasing numbers of the public are using the park which is situated on a peninsula in the middle of Osoyoos Lake. The road into the park is in good condition.

VERNON CRICKETERS WIN BY TWO RUNS AGAINST NARAMATA

SPENCER CUP LEAGUE STANDINGS

	P	W	L	D	Pts.
NARAMATA	5	3	2	-	6
KELOWNA	5	3	2	-	6
VERNON	6	2	4	-	4

Steady bowling of skipper George Leng and John Jenkins and the smart fielding of the Vernon team in the final stages of the game robbed the Naramata cricketers of victory by two runs at Vernon on Sunday.

The home team, batting first, tallied 92 runs and Naramata had 90 on the board when the final wicket fell.

Naramata, without the services of skipper Bob Conway, Wally Morgan and John Glass, called on six bowlers, including Lincoln Goherdan, a West Indian from Trinidad, now working at the Summerland Experimental Station. Goherdan, with his first ball, clean bowled Ronnie Carswell and went on to take two more wickets for 28 runs.

Vernon got away to a bad start, losing four wickets for only 18 runs, then Jenkins and Gordie Bush brought the total up to 52 before Bush was caught by Ian McKay on the boundary. After that the score mounted fairly steadily up to the final 92.

On the other hand, Naramata got off to a good start, scoring 62 for 4, then the next three wickets fell for the addition of only seven runs.

Top Naramata scorer was Philip Chambers who hit strongly for 31 runs. For Vernon, John Jenkins, who came in after the fall of two Vernon wickets, saw seven of his teammates out before he fell to a catch by Al Day after scoring 38 runs.

Gordie Bush also batted well for Vernon, hitting 19, a score which included the only six of the day.

The fielding wasn't the best seen in valley cricket and it wasn't until near the end of the match when Vernon were within a few runs of victory that the fielding tightened up and the Naramata batsmen had to fight for runs.

Naramata's loss leaves the local team sharing league leadership with Kelowna. Last week Vernon lost to Kelowna after leading on the first innings.

In that game, Vernon led 56-42 but, according to rules, if the first innings are completed under three hours either team may elect to have a second innings. With the first innings completed in two hours and 50 minutes Kelowna chose to bat again and scored 63 for five wickets and Vernon could only score 29 in reply.

Sunday Naramata meets Kelowna at Naramata.

Okanagan Team Wins Currie Match At Provincial Rifle Championships

A's Earn Runnerup Spot By Trouncing Macs 8-4

OKANAGAN-MAINLINE LEAGUE STANDINGS

	GP	W	L	Pct.
Kamloops Okonots	13	9	4	.692
Penticton Athletics	11	7	4	.636
Kelowna Orioles	11	6	5	.545
Vernon Canadians	14	7	7	.500
Oliver Elks	11	5	6	.454
Summerland Macs	14	3	11	.214

A ten hit barrage on two pitchers gave the Penticton Athletics an 8-4 win over the hapless Summerland Macs in an OMBL fixture at the Summerland diamond on Sunday.

The win, plus the fact that the A's won their protest on the game with Kamloops Okonots here on June 28, moves the Penticton nine into sole possession of second place in the ever-tightening race for the pennant.

Les Edwards' crew were full value for the win on Sunday. They packed plenty of wallop at the plate and played almost airtight ball behind the eight hit pitching of young Larry Jordan, who went all the way for the win.

Jordan, who looks better every time he takes the mound, went great guns for the A's and only weakened slightly in the later innings. With Ted Bowsfield on the injured list for an indefinite period, young Larry could prove a valuable asset.

He whiffed seven batters and walked three for his win. The A's tied off on Summerland starter Bill Eyre for nine hits and chased him to the showers in the seventh.

TWO HOMERS—Penticton scored a pair of runs in the first inning, added another in the third and three more in the fifth. First baseman Doug Moore upped the score to seven when he crashed out a bases empty homer and Edwards duplicated his effort with nobody on in the ninth.

Moore was the big boy at the plate for the Athletics with three hits in five trips while Wally Backer, replacing the injured Bud Russell in centre field, hit two for four. Rapis and Edwards each were good for two hits in five trips and Sholto Heberton collected the other Penticton hit.

For Summerland, Fred Kato and Lefty Gould were the big guys with two hits each, but Gould had trouble in the field, committing three of his team's six misuses. A's committed only one error.

Walt Cousins. Again Wins Place On B.C. Team For Dominion Meet At Ottawa

A's Go After Rich Purse At Nelson Tourney

The Penticton Athletics will be shooting for a rich \$1200 first place purse when they compete in the big Nelson baseball tournament being held in conjunction with the Nelson Summer Bonspiel this weekend.

Les Edwards will take his full roster plus perhaps one extra pitcher if he is allowed by tournament officials to pick one up.

Edwards had hoped to start his ace pitcher Ted Bowsfield in the A's first game against Cranbrook on Friday, but the young southpaw has strained his arm and will be out of action for a month. It is likely that Edwards himself will take the mound for the first game.

First prize in the six team tourney is \$1200, with a \$700 second place prize and \$500 for the third place team.

GIANT CAVALCADE
The Athletics will be part of the giant Penticton cavalcade which will invade the Kootenay city for its annual celebration.

The Penticton V's, led by the famous Warwick trio, will meet the Nelson Maple Leafs for the mythical summer world hockey championship in one of the highlight events of the celebration.

Also included in the big cavalcade, which is growing daily and is already over the 100 people mark, will be the Penticton Peach Festival Royal party of Queen Val-Vedette VI Miss Margaret Brett and her two princesses, Miss Shirley Lynch and Miss Eleanor Hines.

KELOWNA—The Kelowna Bruins of yesterday eked out a 6-7 win over their 1953 counterparts in an exhibition game last week, proceeds of which went to the injured players' fund.

KELOWNA—Youthful net ace Glen Delcourt was the individual star of the annual Kelowna and District junior tennis championships last week, winning or sharing in five titles.

Roberts, of Seattle, and "Gentleman" Dale Haddock, of Walla Walla.

Tarzan Zimba, Chicago, and Logger Larsen, of Williams Lake, B.C., will open the card with a one hour or two falls out of three bout. The semi-windup, a 45 minute or two out of three affair, will feature Cal

Okanagan Valley marksmen returned triumphantly to their respective homes in Vernon, Kelowna and Penticton this week from the Sixty-Ninth Annual B.C. Rifle Association meet in Vancouver.

And there was plenty of justification for their pride. Not only did the Valley sharpshooters place two men on the team which will represent B.C. in the Dominion Championships at Ottawa in August, they also brought back the coveted General Sir Arthur Currie match trophy, a handsome piece of silverware never before won by an Interior team.

Competing under the colors of the B.C. Dragons, the Okanagan team also took top honors in several other matches, and were particularly successful in the tyro competitions.

Competing in the large bore matches, which also served as eliminations for the Dominion Championships, Walt Cousins, of this city, and Captain Harold Palmer, of Enderby, won two of the 30 places on the British Columbia team, which will travel east in August.

The Dominion shoot will not be a new experience for Cousins who last year brought honor to Penticton when he won the City of Ottawa match at the Canadian shoot.

COMPETING UNDER THE COLORS OF THE B.C. DRAGONS, the Okanagan team also took top honors in several other matches, and were particularly successful in the tyro competitions.

COMPETING IN THE LARGE BORE matches, which also served as eliminations for the Dominion Championships, Walt Cousins, of this city, and Captain Harold Palmer, of Enderby, won two of the 30 places on the British Columbia team, which will travel east in August.

THE DOMINION SHOOT will not be a new experience for Cousins who last year brought honor to Penticton when he won the City of Ottawa match at the Canadian shoot.

THE VALLEY TEAM also took top place in the hotly contested tyro team match when Dan and Glenda Hill, Ron Taylor and Miss Cousins won first place.

OKANAGAN TEAMS took both first and second places in the coached tyro team match, when the team of Jim Burns, Penticton, Mrs. Una Hughes, Kelowna, Jack Vecquary, Vernon, and Glenda Hill, Kelowna, won the coveted Galletty Trophy. They were coached by Ron Weeks, Kelowna.

THE WALT COUSINS coached team of Yvonne Cousins, Penticton, Dan Hill, Kelowna, George Kennedy, Kelowna, and Ron Taylor, Penticton, came second in this match and were just one point behind the winners.

ANOTHER SECOND
The valley marksmen came second in another of the big meets major matches, when they placed second to the Seaford team in the Lieutenant Governor's match. Shooting in this competition were C. W. Henderson, Kelowna, Captain Palmer, Dan Hill, Walt Cousins, Yvonne Cousins, Glenda Hill, Ron Weeks and Ron Taylor.

THE CURRIE MATCH and the big bore shoot were not the only competitions in which the

TOP MAT ARTISTS TO APPEAR HERE

Tex Hager, the outstanding wrestling and boxing promoter of the Inter-Mountain region, is very proud to introduce top flight wrestling to Penticton mat followers. All wrestlers appearing on the Penticton mat programs are Inter-Nationally rated, recognized and published. Just about all wrestlers under the Tex Hager aegis are top notch Light-Heavyweights and Jr. Heavyweights who provide thrilling action-packed competition every second.

RINGSIDE REVIEW

TARZAN ZIMBA—Bald headed, stocky, burly build. A real rough guy. The block-buster hold is his favorite conviction.

LOGGER LARSEN—Larsen has just returned from a very successful invasion of major arenas in the southern United States. Larsen is very colourful and exceptionally strong.

CAL ROBERTS—Regarded as the best flying dropkick artist in the wrestling world. Very fast and well coordinated in muscle and mind. A great favorite in the Pacific Northwestern region.

"GENTLEMAN" DALE HADDOCK—A ready to fight guy who is no gentleman once the bell sends him into mat combat. An expert at the hangingman's hold and dead-end back breaker hold. Former Pacific Coast light heavyweight champion. Present co-holder of the Inter-Mountain Jr. Heavyweight Tag Team championship with his team-mate Jack Carter, of New Zealand. Fears no opponent.

CLIFF PARKER—An old timer though still young in years. Will lose his temper at the outset of any tordid action. Liked to slug, pull hair or bite his opponents.

BUD RATTEL—One of Canada's best masters. A well conditioned and scientific mat star who excels in several modes of wrestling. The flying head scissors is only one of his specialties.

Every wrestler on the July 10th card at Penticton has been seen on the TV sets of the Inter-National mat fans.

COMEDY OF ERRORS AS ELKS TROUNCED 16-3 BY KELOWNA

OLIVER — The Oliver Elks uncorked their worst exhibition of several seasons on Sunday afternoon when the visiting Kelowna team pounded out 14 hits for a big 16-3 win.

The game was close for five innings as Hal Cousins matched pitches with Eddie Klebiski on the mound for Kelowna. The score at this stage was 3-3 for the visitors after Kelowna had assumed a 4-2 lead in the first frame.

Cousins was taken out for young Bill Martino at the start of the sixth. The youngster never did get anyone out and was charged with four runs before Ritchie Snyder took over. Ritchie was hit freely for the next three innings and left the mound in the ninth in favor of Mickey Martino, who was charged with the final three Oriole tallies.

The score might have been much closer except for the fact that the home team's infield acted like a sieve all afternoon, eleven miscues being charged against the Elks. Only Cousins and Don Coy were unaffected by the flitters and the latter did not look too good on one fly ball which he normally would have made look easy.

Don has been out of town, however, and the long period of inaction did not help. The Elks were playing with a patched-up infield, the result of a collision between Elson and Elmer Bay in the Dominion Day tour-

nament in Pentiction. This necessitated using Fritz on second base and he had a bad time of it with two costly boots on ordinary ground balls.

The Orioles took off on Cousins right in the first inning. Koga was hit by an inside pitch and was sacrificed to second. Then successive hits by Favell, Tostenson and Campbell, a triple, and Lingor's long fly accounted for four big runs.

Not to be outdone, the Elks came right back and drove Miss Koga from the mound. A base on balls to Elsenhut, a two-bagger by Elson, another walk to Martino and a single by Coy sent Koga to the showers and veteran Klebiski took over. He walked Fritz, but forced Vanderburgh to ground out with the bases loaded. Incidentally, Koga was eventually the winning pitcher and Cousins, by far the most effective of the Oliver chucks, was the loser.

The Elks added one more in the second on singles by Cousins and Elsenhut and a long fly by Lorne Bay. The Elks looked to be in a good position to tie the score in the fourth as Cousins raced to second when Lingor dropped his sinking liner in left field. However, Cousins was trapped between second and third on Elsenhut's ground ball and the threat was over.

HEAVY ARTILLERY

Kelowna added another run in the fifth. Manager Snyder decided to relieve Cousins with Bill Martino as the sixth inning got underway but, as it happened, this was a signal for the Orioles to unleash their heavy artillery and for the Oliver squad to develop extra thumbs. Lingor singled. Solloway dumped one in front of the plate and Elsenhut missed the throw at second. Wilder singled. Bay threw one into center field attempting to get him going to second and Fritz Koga crossed the plate four times. Elsenhut's grounder with his feet. Snyder replaced Martino and gave up another hit to Amundrud before the inning was over with the score 9-3.

It is better to draw a veil over the debacle of the next three innings as seven more Kelowna runs crossed the plate on right hits off Snyder and Mickey Martino. The Oliver team chipping in with five more errors as the Orioles ran wild on the bases. Meanwhile, the Elks could do nothing with the offerings of Klebiski as they grounded out on big hops or fled to the waiting outfielders. Favell did most damage for Kelowna with three hits and five runs batted in. Amundrud and Campbell also had three hits apiece. Lingor had two and only Solloway and Klebiski failed to hit safely. Koga crossed the plate four times. Snyder got to Koga for two hits in the two-third-innings he worked but managed only one hit off Klebiski after the second inning. The rival left fielders were both busy and accounted for six putouts apiece.

Athletics Play Allstar Indians Here July 15

The Pentiction Athletics will play an exhibition game against north and south allstar Indian aggregation under the lights here on Wednesday, July 15.

The Indian squad was picked at the Okanagan Indian baseball tournament which was held at Westbank on July 1 and is reputed to be a good team, with one particularly hot pitcher from the northern part of the Valley.

Six Indian teams competed in the tourney at Westbank with the Vernon Bluebirds coming out on top when they downed the Vernon Six Mile nine 4-3 in the final.

In the preliminary games, Westbank trounced the Pentiction team 15-1. Vernon Six Mile downed Similkameen 16-1 and the Vernon Bluebirds gave Oliver the same treatment by a 17-1 score. Of the three winners the finalists were decided by the toss of a coin and the Bluebirds and Six Mile played off for the championship.

Revelstoke Man Tops Interior Lawn Bowlers

A 70-year-old Revelstoke sportsman, Joe Hammond, won top honors at the Interior Lawn Bowling Championships held at Kelowna this week.

Hammond captured men's singles honors and shared in the doubles victory with Mrs. B. Burridge, also of Revelstoke.

More than 100 entries from Kamloops and Revelstoke in the north to Merritt in the west and Pentiction in the south competed in the lawn bowling classic. Next year's tournament will be held at Pentiction. It was decided at the annual meeting of the IBCA which was held in conjunction with the meet.

On the first day of the tournament, the Kelowna rink of Bob Whillies, Jim Whillies, Bob Seath, and Don Whitham won the Grand Challenge Cup, emblematic of the Interior lawn bowling championship.

Full results of the four day lawn bowling tournament will be carried in next week's issue of the Herald.

A'S HAUNTED BY INJURIES

The Pentiction Athletics are currently riding the crest of a victory streak in Okanagan-Mainline League play, but manager Les Edwards is being haunted by injuries which could jeopardize his team's chances of capturing the pennant.

Bad blow is the loss of pitcher Ted Bowsfield. One of the league's top hurlers and a big league prospect, Bowsfield has been ordered by the doctor to give the pulled muscles in his pitching arm a month's rest.

Then there is the A's top hitter, centre fielder Bud Russell, who pulled a muscle in a recent game with Kamloops and has been out of action for ten days. Edwards hopes the smooth little outfielder will be ready to go back into the lineup for the Nelson tournament this weekend.

His shoes have been ably filled by newcomer Wally Becker, but that left the A's without a right fielder and Edwards himself has been filling in there when he hasn't been on the mound.

Young Larry Jordan has proved the Athletics' lifesaver. He turned in a fine relief performance in the Dominion Day tournament here when the A's beat Summerland 9-5 and then he went the route for an 8-4 league win over the Macs on Sunday.

Latest blow to the A's is the loss of catcher Kevin O'Connell. Graduating from high school this spring O'Connell experienced difficulty getting a summer job and left this week for Coquihalla. The young backstop wants to play ball here and if he can get a job immediately he will be more than willing to return.

Fists Fly As Local Boxla Team Bows To Salmon Arm

Pentiction's boxla crew dropped an 18-6 decision to Salmon Arm here Saturday in a game that saw the locals far from their best.

At times lacrosse took second place to glugging, notably when Rolfe Sammarino and Gus Woods went at it with sticks flailing near the halfway mark, an encounter which resulted in the pair's banishment for the rest of the game.

Agall the crowd got a little more than it bargained for when Faddy McCabe and Gord Andrews tossed aside their sticks and spent a few riotous minutes standing toe to toe with fists swinging. That was worth five minutes apiece.

It looked like it would be a tight game at the start. The locals trailed 2-1 at the end of the first quarter—then Salmon Arm started scoring and at the half the visitors were on the right end of a 8-2 lead.

In the third, Pentiction added three goals to Salmon Arm's five and the Aces counted five more in the final quarter to Pentiction's one.

Norm Ogasawara was top scorer for Pentiction with two goals and two assists. For Salmon Arm, Ken Watt, Bud Perry and John Perry were top scorers with five, four and three goals respectively.

SWIM CLUB MEMBERS CAPTURE FOURTEEN CUPS AT OSOYOOS

Pentiction led the way at the Osoyoos Cherry Carnival swim meet on July 1. The Pentiction Aquatic Association swimmers brought home fourteen cups between them.

The swimming section of the club took seven boys down to compete in the swimming events. The boys won nine out of the eleven boys swim races and placed second in the other two.

Leading the way was John McPherson, who captured four trophies. John won the 14 and under 50 yards backstroke, the 16 and under 50 yards backstroke, and the men's open 100 yards backstroke. John was also a member of the swim club's 16 and under 100 yard relay team.

Ted Smith also showed up well when he won the 16 and under 50 yards freestyle, and the men's open 50 yards breast stroke. Ted also placed second in the men's open 100 yards freestyle, men's open 100 yards backstroke and the 16 and under boys 50 yards backstroke.

Wins DIVING
Gary Rainbow showed very well for his first time out with the club. Gary won the 14 and under 50 yards freestyle and topped first place in the 14 and under boys three metre diving.

Ian Macdonald, Pentiction's only winner at last year's Kelowna Regatta, lived up to his reputation as he took first place in the 10 and under boys 25 yards freestyle.

Lionel Hammett arriving too late to take part in the individual swim races, competed in the 16 and under 100 yard relay event which was won by Pentiction. Lionel also won first place in the 16 and under three metre diving. Eugene Macdonald was just edged out of first place in the 12 and under freestyle 25 yards.

The swim club hopes to take part in other regattas in the very near future. This will probably include weekly regattas held at Kelowna and regattas held at Okanagan Landing and Summerland.

The three big regattas of the year are the Pentiction Aquatic Association regatta on July 25, and Kelowna regatta on July 31 and August 1 and 2 and the Kelowna Junior regatta in the third week in August.

Swimming practices are now being held under the direction of John Kilson, former Kelowna Aquatic director, and Gerry Kenyon, UBC physical education student. The practices are held Tuesday and Thursday at 7:30 p.m. and Sunday at 10 a.m.

JUNIOR GIRLS WIN
The Pentiction Junior girls war canoe crew put on a very good show as they defeated a crew of experienced paddlers from Kelowna in their annual meet at Osoyoos.

The race between these two crews was very close with Kelowna going out in front at first, but the local aquatic group caught up to them soon and were five feet ahead when they finished.

The girls were handled by Dennis Jeffery, skip, and Harold Hansen, stroke. They were Sally Aquilith, Eleanor Bertram, Darrie Gartrell, Wendy Grove, Marion Hines, Sally McCarthy, Thelma Logan, Corn O'Dell, Esther Snider.

A's Win Protest

The Pentiction Athletics have won their protest of the Okanagan-Mainline Baseball League game here on June 28 against the Kamloops Okonots which they lost 5-4.

Manager Les Edwards protested the game on umpire Charlie Malseneuve's interpretation of the ground rule which allows the runners to take the bases if they are heading for and one more on an overthrow. Edwards claimed that one runner was allowed to take three bases.

In allowing the protest, the OMBL executive ruled that the game will be replayed at the end of the season if its outcome could in any way alter the league standings.

VERNON — Paul Rivard, Frank Oliver, Harold Sigale, Cece Willis and Johnny Genier competed in the provincial trap shoot held in Vancouver this week.

Automatic Transmission

NOW available in all half-ton FORD TRUCKS

FORDOMATIC* DRIVE... the most modern and efficient Automatic Transmission on the road!

MORE ZIP—MORE GETAWAY!
MORE POWER WHEN YOU NEED IT!
Here's a great advance in truck engineering... a new deal in driving comfort for the light-duty trucker! Now, for the first time, fully automatic transmission is available in all half-ton Ford Economy Trucks. Fordomatic* Drive is built to take it... thoroughly tested and proved... the finest on the road! (*Optional at Extra Cost)

SAFER, SMOOTHER PERFORMANCE!
Press accelerator to floor and truck automatically "gears down", providing a quick burst of speed for safer passing. And Fordomatic* is a "natural" for work on soft ground.

PASSENGER-CAR HANDLING EASE!
No clutch pedal with Fordomatic*—just set the selector lever at "Drive" and move away to smooth, easy driving. Fordomatic* cuts driving motions by 22%, reduces driver fatigue.

SAVE TIME ON EVERY TRIP!
Fordomatic* Drive gives you fast getaway from standing starts, far more pull on tough grades with heavy loads. Smooth, automatic power-transfer means time saved on every trip.

FORD LIGHT-DUTY LINE OFFERS CHOICE OF 5 GREAT TRANSMISSIONS!
Fordomatic* Drive, Overdrive*, 3-Speed Synchro-Silent, Heavy-Duty 3-Speed Synchro-Silent, 4-Speed Synchro-Silent. (*Optional at Extra Cost)

By E. J. (Dad) Palmer

GOLF

The Dominion Day tournament, with about 40 taking part, was quite a successful affair. The results and prize winners were in time for last Thursday's issue of the Herald, so there is no sense in repeating them here.

The title of one prize amused me—it was "highest on 19th hole." won by Sambo Drossos of local baseball fame and actually meant that Sam had a nine on the first hole—third time around. All golfers know what the 19th hole refers to—also the fact that plenty of them can get and do pretty darned "high" on that self-same hole from time to time!

On Wednesday, shortly after this paper gets out for sale to the public, we will be trying out, at 6 p.m. our first attempt at a mixed two-ball foursome for nine holes and as to how it takes on with the members will decide if it is worth persevering with. So far the entry looks quite good, with 19 ladies and 21 men having signed. That just about assures us of ten foursomes and should be sufficient to put it over.

In Toronto, at the old Humber Valley course we ran one of those affairs every Thursday at 6 p.m. and it turned out to be one of the most popular and enjoyable events on our agenda. You played with a different partner every evening and everybody got a chance to meet everybody. Apart from the golf, it has got a lot of merit from a social standpoint. I don't see why it should not be a success here.

On Sunday next, July 12, we will be hosts to our friends from Oliver—so assemble early at the club house.

That was quite an honor that little Fonthill girl, Marilyn Stewart, from the Lookout Point Golf Club, won for Canada in taking the British Ladies' Open Championship. Swell going Marilyn.

I see where the English Press were quite impressed with the youngster's (she's only about 17) showing, one paper even going so far as to call her another "Babe" Didrickson in the making. At present, I'd say that was going a little bit too far, but you never can tell. Players like that golfing "Babe" don't pop up every day of the week.

BASEBALL
Ritchie Snyder, our old first sacker and relief pitcher, got sweet revenge when he pitched his Oliver Elks to a 10-2 victory over our Athletics in the evening windup of the Dominion Day tournament. The score at the end of the seventh was close enough—Oliver leading 3-2, and it was still anybody's game.

For once, I felt Les Edwards used rather poor judgment—he took Getz out for a "cold" pitcher, Bill Neaves. Had he gone in himself, or put Larry Jordan in, things might have been different. When Les did eventually go in, it was too late—the damage was already done.

Les pitched six innings to win the afternoon affair and then gave over to Larry Jordan to finish out. Glad to see the boys won their game against Summerland on Sunday—Jordan pitching. We sure are not being helped any with two star players like Ted Bowsfield and Bud Russell out with injuries. There were two mean injuries in the games on Dominion Day—both almost identical—the catcher and third baseman both going after a high fly and colliding heavily half way to the plate. The first one luckily was not too bad, but the second was real dirty and both players had to have stitches in their faces and heads. They should listen more carefully for the call—we've had too many of those sort of accidents around here in the short time I've been watching our boys play.

LACROSSE
The game on Saturday against Salmon Arm wasn't so hot. Maybe the visitors were just too good, but

our lads, to me, didn't look anywhere as good as they did in that rip-snorter a week ago when Kelowna just nosed them out.

Salmon Arm goalkeeper was especially good (so was Dods in our net) and that was one reason for the lopsided score of 13-6 against us.

There was a very discreditible and dangerous stick-swinging bee between Gus Woods of Salmon Arm and Rolfe Sammarino just at half time that luckily was intercepted by the officials and other players before any damage was done.

Both got the gate for the rest of the game and deserved it. And later on both boys wearing number 15 sweaters had a real set to and rough and tumble—but I'll give them credit, they both dropped their sticks before sailing into each other. What a game!!! Never a dull moment!!! That number three gent—of the visitors, him with the thinning thatch, struck me as being quite a clever player. At half time we saw a very pleasing display of dancing on roller skates put on by three mixed couples from the New Westminster Roller Skating Club.

HERE AND THERE
Don't pass up that wrestling next Friday night. If you've never seen it, you'll like it.

Not one bit surprised to see our George McAvoy picked up by Montreal Canadians. George should fit in and do ok in the big circuit. I hope he does.

Reporting the recent cricket match against Kelowna, modestly prevented Ted Gaskell, who did the reporting, from telling us that he scored his first six in his cricket career. That is quite a feat on any ground. Most of us have to be content with the odd four to the boundary. Nice going, Ted, and many more of them to you.

Impossible to be everywhere on Dominion Day. Would like to have seen the gymnas. Pretty hard to see anything more pleasing than good horses, coupled with good horsemanship.

If you want heat, sun, fun and dust (plenty of the latter) just go to those softball games at Kiwanis' Park and you'll get all four. That game Sunday evening between B.C. Hoteliers and Kelowna, which Hoteliers won 12-7, could easily have been different had pitcher Dave Roegel been able to make the grade for the start of the first inning.

When he took over eleven runs had already been scored. That tells you the way he held them down for the rest of the game. Dave, too, just couldn't be in two places at the one time, and when I left for the park he was still on the air broadcasting.

"Elizabeth Is Crowned" was another mighty good coronation picture, similar, of course, in parts to "A Queen Is Crowned" and yet quite different.

In conclusion am glad to know that that good sport Pat Mulligan is coming along fine in his battle with polio. More power to you, Pat—they can't keep a good Irishman down!!!

Allstar Games To Benefit Teams Not In OMBL Playoffs

The executive of the Okanagan-Mainline Baseball League, meeting last week, worked out a plan whereby the two bottom teams at the end of league play will not lose too much financially through not being in the playoffs.

The league decided that, at the end of the season, two north-south Allstar games will be played, one at Kamloops and the other at Penticton, with the proceeds to go to the two teams in the six team loop which do not make the playoffs.

Players for the northern team will be drawn from Kamloops, Vernon and Kelowna while the southern team will comprise the best from Oliver, Penticton and Summerland.

The earldom of Shrewsbury was first granted to Roger de Montgomery in England in 1071.

Gerard (Moose) Flemming, 21-year-old son of the Premier of New Brunswick, reports to Manager Fred Hutchinson (right), for a tryout with the Detroit Tigers. Tiger officials were enthusiastic about his chances to make the grade. Hutchinson says the boy "has a good arm and can run and hit the ball." Flemming, who hails from Juniper, N.B., has been sought after by many major league teams. He is expected to sign with the Tigers and may be sent to one of their chain teams for seasoning.

Lacrosse Ass'n Studies Salmon Arm's Protest

Penticton lacrosse team's only win this season, that against Salmon Arm Aces here on June 12, is under protest by the Salmon Arm Club, because of the use of players from the Kootenay league.

The protest has been received by the Interior Lacrosse Association, but the final disposition is deferred pending a B.C. Lacrosse Association ruling regarding the status of the Kootenay teams, the association reported after the meeting last Thursday.

The local team, which won 24-11, was bolstered by a number of players from the Trail team in that game.

Another Penticton game was under discussion when the association met. That was between Penticton and Kamloops on June 20, when Kamloops star, Tommy Powell, received a match misconduct. Powell has been suspended for one game and the suspension will be effective Saturday when Penticton and Kamloops meet here.

A third problem faced the commissioners last Thursday, one which arose from a game between Kamloops and Salmon Arm on June 23 when the Kamloops team quit the floor, leaving the game uncompleted.

This dispute, which arose over an interpretation of the rules, resulted in the referee's leaving the floor followed by the Kamloops team.

Salmon Arm agreed to replay the game and also to pay the expenses of the Kamloops team for travelling to Salmon Arm.

WHL Teams Will Swap Games With Okanagan Clubs

A change of system in the Okanagan amateur hockey set-up in the coming season will bring Kootenay teams to the Okanagan once more.

At a meeting of the OSAHL Association in the Inco Hotel here on Sunday, the executive agreed that each Okanagan team should make one swing through the Kootenay and in turn the Kootenay teams will visit the Okanagan once.

In the 1951-52 season games were exchanged between Okanagan and Kootenay teams but this was dropped last season and two entirely separate leagues were operated.

There will be two leagues again this year, but points earned in games with teams from the other loop will count in calculating league standings.

No official date has yet been arranged for the opening of the hockey season but, according to league president Bill McCulloch, it is expected that a league schedule will be available next week.

Sibson Impresses Big League Scout

Boston Red Sox scout Earl Johnson gave Penticton's baseball talent the once over here last week. Johnson was in the stands at King's Park for the July 1 ball tourney.

The big league scout came to watch A's sensational young southpaw, Ted Bowfield, who unfortunately was out of action with a sore arm.

Johnson was, however, impressed with the performance of Oliver's Bill Sibson both behind the plate and at bat. A short-stop turned catcher, Sibson had some bad luck and ended the tournament with a gash on his forehead, the result of a collision with his third baseman going after a pop foul.

Arena Schedule

Wednesday, July 8 — Lacrosse practice.

Thursday, July 9 — Roller skating.

Friday, July 10 — Professional wrestling.

Saturday, July 11 — Kamloops vs. Penticton, Sr. Lacrosse.

Sunday, July 12 — Roller skating.

Ogopogo Tournay Draws Top Pro, Amateur Golfers

KELOWNA — British Columbia's top-flight golfers will once again try for the money and the trophies at the second annual Ogopogo golf tournament, to be held in conjunction with the 47th International Kelowna Regatta, July 30, 31, August 1.

In the professional bracket, Leo Goldsworthy, Benny Calk, Ernie Tait and Garret Limmer, all of Vancouver, will try to avert the pro-division title from young Al Nelson of Kamloops.

However, it is the open championship at which both the amateurs and professionals shoot. The 1951 Canadian amateur champion, Walter McElroy, of Vancouver, took home the distinctive Ogopogo Trophy last year from the Kelowna Golf and Country Club greens when he squeezed out a victory over Bill Mawhinney, the 1952 Canadian champ.

This year, there will be a third Canadian champion in the meet: Laurie Roland, who held the junior title in 1951. Making his first appearance in Kelowna last year, Laurie went on record as impressed with both the Kelowna course and the tournament. He says this year he wants to be entered "at all costs". And speaking of costs, the entry fee is \$5.00 for amateurs, and \$10.00 for pros.

Chairman of the tournament committee, Fred Williams, has received 45 outside entries thus far and nearly 20 from Kelowna. Entries should be submitted by July 30 to tournament committee, 1504 Pender street, Kelowna.

Canada's present professional title-holder, Stan Leonard, of Vancouver, has marked Kelowna down on his own personal itinerary, taking a whack at the \$500 in cash awards. Merchandise prizes for both net and gross will go to the amateur winners.

Grover Cleveland Alexander holds the National League record for the lowest earned run average for a season with a 1.22 mark posted in 1915 when he pitched 387 innings of ball and won 31 games while losing 10.

VERNON — Former Vernon Tiger Bargo Sammartino, now playing with the Victoria Shamrocks in the Coast inter-city box league, is sixth in the scoring race of that loop.

Keremeos Notes

KEREMEOS — Mr. and Mrs. C. A. Reid, of Vancouver, on a trip that will include Yellowstone Park, Calgary and Salt Lake City, Utah, spent the week-end at the home of Mrs. Reid's parents, Mr. and Mrs. H. C. McGuffie, who has as visitors during the week, Mr. McGuffie's niece, Mrs. Harvey Campbell, and Mr. Campbell of Vancouver.

Mr. and Mrs. William Bartlett, of Lethbridge, were visitors over the week-end of Mr. and Mrs. R. C. Clarke and Mr. and Mrs. I. L. Clifton.

Roy Brown, of Hedley, who has been on the staff of the Similkameen Junior-Senior High School since it was opened, has accepted the post of vice-principal of Castle Hill High School. E. Sewell, who resigned from the high school staff in December, has been placed on the permanent staff of Trail High School.

Mrs. Donald McCallum Jr., and Donnie and Tommy, of Northfork, California, accompanied by Mrs. McCallum's mother, Mrs. Wallis, of Tacoma, were guests last week of Mrs. Donald McCallum.

The Women's Association to Keremeos United Church met on Thursday at the home of Mrs. G. A. Senti, when many members took this opportunity to enjoy the hostesses' lovely garden.

Mr. and Mrs. Quinton Robertson, of Vancouver, were visitors last week-end of Mrs. Robertson's parents, Mr. and Mrs. E. C. Armstrong, who also had as guests during the week, Mr. and Mrs. Jack Cornett, of the coast city.

Little Maureen Tweddie, a polio victim of last year, who has until recently been a patient in the Children's Hospital in Vancouver, and who has made a marvellous recovery under the care received there, has with her grandmother, Mrs. Daisy Clark, been at her home here, will return with her mother, Mrs. Audrey Tweddie, and grandmother, on Wednesday to reside in Vancouver. Gerald and Carol Tweddie will leave later to live in Vancouver.

Many friends here will regret to hear of the illness of June Bartlett, a sister of Miss Evelyn Bartlett, a teacher on the staff of the elementary school here. Miss Bartlett, who has polio, will be a patient in Penticton Hospital for some days. She is progressing favorably and has shown no signs of paralysis.

Mr. and Mrs. Fred Pearce, of

Enderby, were visitors here last week of their son-in-law and daughter, Mr. and Mrs. W. Pearce and their son-in-law and daughter, Mr. and Mrs. Charles Luxon. Mr. and Mrs. Pearce, who were residents here for many years before going to Enderby to live, were en route to Vancouver and Powell River to visit friends and relatives.

Barnyard Smell Again Cause Of Complaint

That barnyard smell was back to plague City Council this week. J. R. Uptgrove and Mrs. W. E. Uptgrove appeared before council to complain again of nuisance created by the close proximity of a barnyard and livestock.

To Alderman E. A. Titchmarsh and Acting Mayor J. G. Harris the problem went deeper than this one particular case.

"If we are going to have to ask if a farmer can have a barnyard we are going to have to ask if the farmer is going to be allowed to spray. Spraying creates a smell too," the Acting Mayor said.

Alderman Titchmarsh said the problem is fundamental. "Perhaps we should consider some modification of zones, establishing that such and such a district is for agricultural pursuits. I think such zones would iron out a lot of our difficulties."

Mrs. Uptgrove insisted that the place in question was not healthy. Two feet of manure is spread over the yard, she said. When it was pointed out that the sanitary inspector had given the place a clean bill of health, she stated that someone must have tipped off the owner of the farm as on the day the inspection was made the place had been cleaned up and loads of shavings dumped on the manure.

Alderman H. M. Geddes, chairman of the health committee, said the farm had appeared passable when inspected and that it could be cleaned up and kept that way. The health committee was ordered to further investigate and to bring in another report to council.

B.F. Goodrich Tubeless Tire

Because IT HAS NO TUBE

It may save your life...

The B. F. Goodrich LIFE-SAVER Tubeless Tire gives you maximum protection against the hazard of blowouts and dangerous skids that frequently result in serious injury, and even death.

It can save you trouble...

The B. F. Goodrich LIFE-SAVER Tubeless Tire seals punctures on running wheels... protects against the annoying trouble caused by flat tires.

It will save you money...

The B. F. Goodrich LIFE-SAVER Tubeless Tire provides greater safety than any tire and tube, yet it costs less than the conventional safety tire-tube combination.

Accidents like the one above can happen when blowouts occur—that's why you owe it to yourself to find out about the extra protection in B. F. Goodrich LIFE-SAVER Tubeless Tires. Most blowouts are caused when the inner tube explodes through weakened or broken cords. But, because it has no inner tube, a LIFE-SAVER Tire breaks down to a safe s-s-slowout, changes a sudden, dangerous blowout to a safe s-s-slowout, allowing you ample time to stop your car safely, with perfect control.

PUNCTURE PROTECTION
A gummy rubber compound under the tread immediately seals around puncturing objects, and permanently seals the hole when the object is removed. Inconvenience and delays are eliminated.

BLOWOUT PROTECTION
Instead of a tube, the LIFE-SAVER has a patented inner lining that's part of the tire. In event of damage there's no sudden blowout, only a small break in the liner, a s-s-slowout that lets you stop safely.

SKID PROTECTION
The LIFE-SAVER tread is cross-cut into thousands of tiny grip-blocks. At 30 miles per hour on wet roads, it stops you a car length quicker than regular tires... and gives you longer mileage too.

Your B.F. Goodrich dealer now has the Tubeless Tire...it can be your LIFE-SAVER

Officers Of South Similkameen P-TA Elected At Meeting

KEREMEOS — At the last meeting of the South Similkameen Parent-Teacher Association until after the reopening of school the following officers were elected: president, Mrs. C. G. Weller; vice-president, Mrs. W. Newstrom; secretary-treasurer, Miss E. Bartlett; program, F. C. McCague and Mrs. J. N. Bush; membership, Mrs. W. Gemmel and Mrs. J. M. Clark; refreshment committee, Mrs. D. Parsons; Mrs. J. Trigg; Mrs. W. Davidson; library, Mrs. V. Quaedvlieg; sports, Mrs. A. Beecroft; publicity, Mrs. J. L. Innis and oratorical committee, Mrs. S. Harris and Mrs. G. Arnison.

Among reports submitted for approval were that by Miss Bartlett on the P-TA track meet concession to the effect that the day's efforts were most successful and that a substantial amount had been turned over to the Track Meet Society of the Similkameen.

C. Morris presided and Miss E. Bartlett recorded. Two interesting films, "Practice Makes Perfect Drivers" and "Singing Pipes," were shown.

Council Stymied On Store Closing

The department of labor has no authority to authorize opening of stores on Wednesday afternoons, City Council learned Monday. The puzzled municipal administrators also learned that, in the opinion of the department, any such action is up to them.

The Municipal Act, however, is very definite on the matter and in the opinion of H. G. Andrew, city clerk, leaves no room for council to maneuver.

All this came to light with council's desire to cooperate with the Beach Festival Association in its request that stores stay open on Wednesday afternoon of Festival week and close on Friday afternoon, August 21, the day of the festival parade.

Alderman H. M. Geddes wondered how other city's managed it and added a guess that it was just a matter of goodwill and cooperation on the part of the merchants.

The stores stay open one day, close the next and no one bothers about it, Alderman Geddes said.

There the matter rests for the time being.

OFFICIAL MILITARY OBSERVERS and United States Congressmen, left, watch the mushroom cloud from history's first atomic artillery shell rise over Frenchman Flat, near Las Vegas, Nev. At right is one of the Army's 280-mm rifles which sent the big shell hurtling through space to the designated target seven miles away. The test was termed a success by Department of Defence officials who said the shell burst with precision accuracy over the target where railroad cars, bridges, trees and other equipment was located.

Petition This Time Approves Apartments In One Family Zone

Careful double check of signatures to a petition approving of the application of J. Pasemko to operate four suites in the former Cumming's home at 225 Farrell street will be made by City Council before permission for the suites is granted. Signatories to an opposing petition will also be checked.

The petition, which came as something of a surprise to council, only two weeks after a 26 signature petition against the proposed apartment house was considered, was presented by A. D. C. Washington, acting on behalf of Mr. Pasemko.

The matter has been in dispute for some weeks. First the town planners and City Council approved of three apartments, although the house is in a one family dwelling zone.

Only a small number objected to this first move. Then Mr. Pasemko sought to increase the number of apartments to five and 26 householders in the immediate vicinity protested. As council and the Town Planning Commission's consent was subject to approval of nearby residents council was, in the face of the 26 signature petition, compelled to reject Mr. Pasemko's application.

ANOTHER CHAPTER

On Monday another chapter was written into the long and involved story when Mr. Washington tabled the petition approving of the request for four apartments in the house.

Mr. Washington informed council that, as he had anticipated, when the people were more fully informed of his client's intentions they saw no objection to the plan.

Thirteen of the signatories to the opposing petition had now signed their approval of the project, Mr. Washington disclosed.

Sydney C. Tims appeared before council to protest the application and he declared that two persons named on the third petition had never given their consent. Mr. Tims said he had never favored apartments in the house in question.

"Should this petition be granted it would establish a precedent. Anyone wanting to operate an apartment house in the district would simply have to build large residence and then, at

their own time and choosing, they would be able to convert it into an apartment dwelling, giving as their reason that the house was too big for one family," Mr. Tims said.

SERIOUS STATEMENT

Alderman E. A. Titchmarsh, who retired from the council table during the discussion suggested that, as council had been faced with two petitions, a careful check should be made of both, to ensure that the people most affected carried weight.

Mr. Washington took strong exception to Mr. Tims' charge of false representation. "That is a serious statement and should not go unchallenged," he said.

"We have no objection to a check I am satisfied that our petition contains the names of the majority of people affected," he said.

Acting Mayor J. G. Harris instructed the city clerk and city assessor to check the signatories and also requested re-examination of the original plans, for which a building permit for three suites had been issued.

The long drawn out affair is expected to be finalized at next week's council meeting.

WILDLIFE LARDER

Canadians eat a total of 48,472,000 pounds of wild meat annually, according to a survey of the Canadian Wildlife Service. Venison is the number one favorite, from the standpoint of pounds consumed, (30,750,000 pounds) with moose and caribou second (7,500,000 pounds each) and ducks third with 5,500,000 pounds. The rest of the wild meat eaten, ranges from game birds to buffalo, ground hogs and squirrels. The meat of wild animals, therefore, plays an important part in Canadian diet.

Farm Students' Work Described To Kiwanis Club

How high school students are being prepared for life as farmers was described to Penticton Kiwanians here last week by J. A. Campbell, vocational agriculture instructor in the Penticton high schools.

Mr. Campbell, who has 60 students in his classes, told the club that the boys are taught the science of the soils, animal husbandry, gardening and bee-keeping and other subjects taking their instruction in classrooms, a well equipped laboratory, a greenhouse and a one-acre orchard.

"The school is so equipped because we feel that the best way to hold a student's interest is through experiments," the speaker declared.

"We have a workshop in which the students have built their own irrigation and spray equipment. In the orchard, grafting and pruning is practised before the students actually go on field expeditions to local orchards."

Most important phase of vocational agriculture is the home projects, according to Mr. Campbell.

He said that the home projects are the greatest proof that the student is really interested in agriculture.

"This means more work for the teachers for these projects must be supervised," he said and he went on to enumerate some of the projects which are being carried out. One student has two cows; another looks after 13 beehives and two pigs. A third has 100 chickens while yet another has 50 chickens and two hives of bees.

"There are people who still believe that farming is something to turn to when a man has failed at everything else," the speaker declared. "That is not so. Farming today is a science. We try to prepare students for the day when they will have farms of their own," Mr. Campbell concluded.

The speaker was introduced by Lance Webber and was thanked by Dr. Hugh Barr.

Council Will Not Pay Cenotaph Cleaning Bill Incurred Five Years Ago

City Council has never been committed to pay cost of cleaning the Cenotaph following its removal in 1948 to its present site in the provincial building grounds.

This year's council, on Monday, arrived at this opinion after hearing the reading of correspondence relating to the subject, which passed between the Legion and council at the time.

Cost of moving the Cenotaph to the amount of \$75 was borne by council, but the additional cost of \$75 for cleaning was never, according to the correspondence, agreed upon as being responsibility of the city.

Our Town By Jack Scott

COWPOKE CURSE

What's that you say, doctor? Just lie back on the couch and tell you when it all began? Well, just as you say. You're—ha ha—you're the doctor, doctor.

Began on this trip I took my family on to California month or so ago. We've a radio in the car, you see, and right from the moment we pulled out of the garage—I all happy and pleased at the prospect of being where it was sunny—well, right from that moment I knew that this trip might possibly unhinge my mind.

Of course I knew that my three daughters were cowboys—music addicts, followers of the cult of Tennessee Ernie, Hank Snow and the rest. But, after all, I'm not one of those parents who believe in denying the little ones their rights. At least I wasn't.

Soon as I realized that they were going to demand cowboy music from dawn until dusk and beyond dusk I rebelled. "We are all going to be cooped up in this car for several days," I observed, with some logic, "it is only democratic that we each have in turn what we want on the radio."

"Democracy is the will of the majority," parroted my oldest daughter, having just learned this in school from teachers, obviously working for the Kremlin. "Let's take a vote."

My wife abstained spinelessly with the remark, "Anything to keep them quiet."

I lost the decision three-to-one. Now, mind you, doctor, I've always been able to take cowboy music in small doses.

But after one day's travel, never beyond the range of a radio signal saturated in western corn-cry, I began to look upon cowboy music with a loathing foreign to my sunny nature.

You saw that horrible story, doctor, about the Japanese who was found to have a living embryo in his body? I began to feel as if I

had a living Hank Snow in my cranium.

Perhaps you aren't familiar with western singers, doctor. Let me tell you that they have one awful thing in common: a voice that combines the more disagreeable elements of chalk across slate and the sounds made by lonesome tom-cats at 3 a.m. You just wouldn't believe the torture that cowboy tonals endure, doctor. And yet the more gruesome the sound the more these wretched fellows ate it up.

The sound that issues from these agonized gullets is bad enough, doctor, but what they sing about is even worse. Am I giggling again, doctor? It was that word "sing" that got me started.

You've thought of cowboys as strong, rugged, well-adjusted men? Forget it. The cowboys of the ballad world are mal-adjusted neurotics. Why, you could take this psychiatric couch into the sagebrush, doctor, and make a fortune.

They are almost all morbidly preoccupied with death or a lost love. This figure, of course. What female in her mind would linger with such an obvious paranoiac, forever obsessed with the melancholy of their last rites and their dubious place up yonder?

The unhappiest and most cowardly coyote, baying at the moon, is both musical and optimistic compared with Tennessee Ernie when he rears back, opens his immense yawn and lets fly.

Well, that's about all, doctor. And perhaps you're wondering, now that it's all over, why I've come to you. This is the worst part of all.

You see, I've got it, doctor. I've got the habit!

Soft Fruit Growers Striving To Improve Quality Of Produce

In the face of increased production and ever mounting competition the Okanagan soft fruit grower has taken every possible step to produce the highest quality products for the markets this year.

Starting with the annual BCFGA convention in January growers demanded stricter regulations to cover the growing, picking, packing and handling of their fruit. These regulations, it is hoped, would insure larger, cleaner and riper peaches, apricots, plums etc., reaching the consumer.

In his orchard the soft fruit grower pruned hard; tried out all the recommended methods of thinning, from blossom time on, and applied all the necessary sprays and needed nothing that could be done to produce fine fruit.

It has all cost money—more money than usual. But it has seemed worth doing because it is so important to convince the Western Canadian consumer that British Columbia fruit is worth waiting for. Fruit in the Western States matures early and is ready for shipment to market weeks before B.C. fruit can move. Production in the States is very heavy this year particularly. The Canadian consumer, if he wished, could fill his fruit requirements from American sources while B.C. fruit was still on the trees.

Disturbing reports have been coming from across the line. Growers there of many perishable commodities seem to be facing chaotic conditions. Lettuce growers, for example, have not been getting the cost of production. It's the same with the celery growers. Potatoes have brought nothing. It did not pay the California orange grower to pick for the fresh fruit market. It was better to send his fruit to the processors. And now comes a story about California peaches. Early Bertas are being offered at \$1.00 per crate. This means simply that the California peach deal is in a tail spin.

Word of this situation brought together in Kelowna, A. R. Garrish, president of the BCFGA, members of the executive of the Board of Governors of B.C. Tree Fruits Ltd., and J. B. Lander, sales manager. The problem was to determine what action could be taken to keep the California situation from ruining the approaching Okanagan peach deal.

TOP QUALITY

Under Mr. Garrish's signature a message was sent out to all Canadian fruit distributors' offices. It urged their utmost endeavor to ensure the co-operation of all wholesalers. It was to be pointed out to the wholesalers that B.C. constituted their best source of an orderly supply of fruit commodities. They were to be told that every effort had been made and large sums of money spent by Okanagan growers to produce a full crop of top quality for the consumers of Western Canada this season. Without the co-operation of the wholesalers a large part of the Western Canada market will be lost through the importation of American fruit at disastrously low prices.

A member of the sales staff will visit the prairie market at once. He will be accompanied by a prominent Okanagan soft fruit grower. Between them they will tell the story of this year's crop; of the concern of the grower that his extra efforts and increased expenditure will be wasted; of the extent the wholesalers' volume of business is dependent upon B.C. products; of the necessity of protecting a sure supply of fine fruit in future years; of the vital advantage of waiting for B.C. fruit.

Noise Nuisance Is Protested

Aldermen E. A. Titchmarsh and Wilson Hunt will interview the management of the Drive-In theatre to request the theatre's co-operation in eliminating the sound nuisance, alleged by nearby neighbors to emanate from a loud speaker in the theatre grounds.

A petition, signed by 21 residents in the vicinity of the Drive-In was submitted to council. The petition "violently protested the noise" and asked council to amend the nuisance bylaw to enable action to be taken in instances of this kind.

Acting Mayor J. G. Harris expressed the view that the theatre management would co-operate if approached by council and he delegated the task to Aldermen Titchmarsh and Hunt.

Local Actors Will Appear In Outdoor Theatre's New Play

Two local thespians, Hazel Southard and Rosemary Meyerhoff, have been chosen by the Lancaster Company to take part in the Noel Coward comedy "Hay Fever," the play to be presented in Theatre by Starlight at Skaha Lake starting tomorrow.

The play will feature "Canada's leading lady," Dorothy Davies, who this week after the completion of "Theatre Under the Stars and Toteum Theatre," takes the part of Judith, the actress mother of the Bliss family.

"Hay Fever" is a typical Coward comedy which tells the story of a theatrical family, members of which are prone to make a full dress drama out of the slightest incident.

Miss Davies, who has directed and played leading roles in Theatre Under the Stars and Toteum Theatre, takes the part of Judith, the actress mother of the Bliss family.

The play is the second of eight scheduled for presentation, here during the summer season. Last week Theatre by Starlight opened with Philip Johnson's "Love's Leap," a hilarious comedy which the opening audience of 400 thoroughly enjoyed.

Good hot soup is a perfect feature for school lunch boxes. How youngsters do enjoy a thermos filled with such a hot savory combination. And the soup teams so well with milk, another valuable item to include with lunches. The whole array of condensed soups are good bets for the thermos bottle. To prepare any of them with milk, simply blend a can of soup with a can of milk before heating.

When you buy some of those new potatoes you've been yearning for, plan to serve them with a mushroom cream sauce made quickly.

Just add a half-cup milk a little at a time to a tin of condensed cream of mushroom soup, stirring well to mix. Heat and pour over the cooked new potatoes. Sprinkle on a little paprika for garnish.

Oliver Girl Guide Writes Of Coronation Experiences

Mrs. E. A. Titchmarsh, division commissioner for Girl Guides and Brownies of the South Okanagan, is in receipt of an interesting letter from Ranger Shirley Orr, of Oliver, who was chosen to represent the British Columbia Guides at the Coronation of Her Majesty, Queen Elizabeth II.

The young Guide whose letter bears the address, the Commonwealth Imperial Institute, of South Kensington, London, gives a colorful description of part of her stay in England. Writing, Miss Orr said, "Here we are on the shores of the English Channel waiting for the Queen's ship to pass all the destroyers for the inspection. Thousands of sailors are around in their navy apparel. The ships look lovely on the water and are certainly beautiful. The Queen's ship is just passing, what a lovely sight! All the ships are at a diagonal and in parallel lines. Her Majesty's ship goes up and down between the rows inspecting them. The sun is shining and the Channel is green. Across in the distance is the Isle of Wight; it is truly lovely and for once no rain. We have had only two days without rain but everything has made up for the rain."

The young Canadian Girl Guide, relating other impressions of her visit in England said, "The Coronation was spectacular. Cinderella come to life. The Trooping of the Color was marvelous."

"We are having a grand time," writes Miss Orr. "It is wonderful and certainly most unbelievable; each and every one of us is truly thankful and I certainly can never express my thanks to all who made it possible. I certainly thank you very much."

The writer went on to tell about attending the theatre, the opera, cinema, a symphony concert and the carnival "The day following the Coronation the Guides lunched with Lady Stratford after which all of us went into the Palace to form the Guard of Honor for the first state drive," Miss Orr wrote. Guides from all over the world were there, from Africa, China, Japan and from India where they wear a full-length uniform. "It certainly gives one the feeling of belonging to a large and wonderful family," wrote the Girl Guide, "and I am proud to belong to Guiding. "Every one is simply wonderful

over here. Our blazers with the insignia 'Canada' cause many to inquire where we are from and then they extend full friendship to us."

The Guides are staying at the Fourth Avenue Hotel House, where Major Ney, founder of the movement, is a guest. The writer in closing her letter gives the motto of the Guides, "First Unto God, then unto the Queen" and stated, "I shall certainly live up to it." The Guides sailed from England on June 30 to return home.

Mrs. J. L. Hooper Honored At OES Grand Chapter

Mrs. J. L. Hooper, a past worthy matron of Edina Chapter No. 33, Penticton, Order of the Eastern Star, was among the grand officers installed at the recent session of the British Columbia grand chapter held in Vancouver.

The three-day session which was held in the Denman Auditorium was concluded by impressive ceremonies in which the grand officers for the ensuing year were installed.

Mrs. F. C. Powell was installed as worthy grand matron to succeed Mrs. Alex. H. McDonald, who was elected grand trustee. Other officers of the grand chapter are: grand patron, Frank Airey, Vancouver; associate matron, Mrs. J. H. Argyle, Nelson; secretary, Mrs. W. A. Freeze, Vancouver; treasurer, Miss Fanny D. McCleery, West Vancouver; conductress, Mrs. E. R. Albright, Vancouver; associate conductress, Mrs. Walter Vance, Prince Rupert; chaplain, Mrs. G. W. Roberts, Courtenay; lecturer, Mrs. Verena Jensen, Vancouver; marshal, Mrs. W. Rae, Trail; organist, Mrs. V. M. Morgan, Prince George; Adah, Mrs. A. R. O. Cooke, Victoria; Ruth, Mrs. R. M. Telford, Creston; Esther, Mrs. Hooper, Penticton; Martha, Mrs. W. N. Maywood, Princeton; Electa, Mrs. W. D. Smith, Grand Forks; wander, Mrs. E. W. Dell, Vancouver; and sentinel, William Barge, White Rock.

Needlecraft News

by Pauline Roy

THE MODERN HOUSEWIFE is a wonderful person! Amid all the hustle and bustle of her average day—cooking three meals, caring for the children, housecleaning, shopping, washing and ironing, gardening and so on—she finds time to keep herself attractive and well dressed keeping within the means of her budget. With this full time job on her hands she also manages to sew clothes for herself and her children as well as knit and crochet for her family, home, friends and church bazaars. Her secret is a well planned schedule which helps her accomplish the most amount of work in the least amount of time.

Make Little Gifts From Left-Overs

Novelty gifts and toys can often be made from bits and pieces taken from your scrap bag. Every seamstress knows the value of saving her odds and ends. Colorful cottons, left over from the children's dresses, can be used for making applique designs to trim aprons, curtains and potholders. These colors when mixed together in floral designs often give the effect of natural flowers. Bright reds, greens and yellows can be used to advantage when using fruit motifs for your appliques. Quilting is popular and scraps can be sewn together and quilted for potholders, apron borders or for a colorful skirt when dressing a doll. You can use your left over bits of wool or crocheted cotton for embroidery trimmings, for making doll's clothing or in stripes for socks or sweaters. A little thought and ingenuity combined sometimes helps you produce wonderful and interesting articles at no extra cost at all.

Novelty Potholders

New potholders are always welcome gifts and make good items to donate to your favorite charity bazaar. The ones pictured here are made from a small size baby's quilted pad. Scraps of cotton are used for appliques and the edges are finished with colored bias tape. If you would like to have a leaflet with patterns and instructions for making the APPLIQUED POTHOOLDERS, send a stamped, self-addressed envelope to the Needlework Department of this paper and ask for Leaflet No. 18-2202.

Women's Federation Holds Kitchen Shower For New U.C. Sunday School Building

The Recipe Corner

CEREAL BIRTHDAY FAVORS

Sun Bonnet Sues make happy birthday favors. The cereal, butter, marshmallow mixture is easily molded and will hold whatever shape you decide it should.

For a little girl's party, the pictured Sun Bonnet Sues are delightful. Fancy paper nut cups are used for the bonnets and the collars are made of cardboard. Marshmallow cherries form the mouth; bits of chocolate, the eyes.

Sun Bonnet Sues
 1/4 cup butter or margarine
 5 cups Rice Krispies
 (over-popped rice cereal)
 1/2 pound marshmallows

Cook butter and marshmallows over boiling water until syrupy, stirring frequently. Beat thoroughly. Measure Rice Krispies into greased large bowl and pour on marshmallow mixture, stirring briskly. Form into egg shaped balls. Use fancy paper nut cups for bonnets. Marshmallow cherries may be cut into mouth shape and eye-lashes formed with chocolate icing in a pastry tube. Make collars from cardboard.

Surprise Party For Oliver Newlyweds

OLIVER—Old age pensioners and neighbors of the happy couple gathered at the home of Mr. and Mrs. Fred Haskins on Tue-el-nut Lake for a surprise party last Friday night. The bride, the former Mrs. Athlea Schuman, was presented with a lovely table lamp and other gifts.

About 30 guests were present to toast the bride and congratulate the groom. The wedding took place on June 26 at Yakima.

PLACING GLASSES

The water goblet is always placed at the right of the dinner knife. If a second beverage such as milk or wine is served, it is placed to the right of the water goblet. Fruit juice or tomato juice is set in front of the two goblets to form a triangle.

NON-SKID COOKIES

When serving cookies, fasten a paper dolly to the cookie plate with small pieces of tape and they won't slip off.

McIntosh Girls' Band Attending Stampede

The Vernon McIntosh Girls' Pipe Band has accepted an invitation to parade and play at the Calgary Stampede.

The band left Vernon on July 4 and will play and parade in Revelstoke, Golden and Banff en route to Calgary. After completing its Stampede engagement, and before returning home, the band will play at Red Deer, Edmonton, Jasper and Lake Louise.

Believing this will be an effective way to "sound the praises" of Okanagan McIntosh apples—and other varieties of fruit—the B.C.F.A. and its sales agency, B.C. Tree Fruits Ltd., have made a financial contribution to the band.

PEANUT BUTTER COOKIES

ROGERS' GOLDEN SYRUP
 B.C. SUGAR REFINERY

1/4 cup shortening; 1/4 cup brown sugar; 1/4 cup ROGERS' GOLDEN SYRUP; 1/2 cup peanut butter; 1 egg, well-beaten; 2 tablespoons lemon juice; 2 tablespoons lemon rind, grated; 1 cup all-purpose flour; 1/2 teaspoon salt; 1/2 teaspoon baking soda.

Cream shortening, sugar and ROGERS' GOLDEN SYRUP and peanut butter, and beat until light and fluffy. Add egg, lemon juice and rind; mix thoroughly. Fold in flour which has been sifted with salt and soda. Chill dough thoroughly. Form dough into small balls, place 2 inches apart on greased cookie sheet. Press flat with tines of fork. Bake 12 to 15 minutes at 375°F. Makes 5 dozen cookies.

Rules Governing Service Station Hours Suspended

KELOWNA — Kelowna City Council has agreed to suspend the present by-law governing hours of service stations and garages until the end of the year, in order that better service may be given the travelling public.

Request was made by the Kelowna Garagemen's Association at last week's council meeting. Matter came to a head when five service station operators informed council several weeks ago they were no longer members of the garage-men's association and wished to set up their own organization and have their own hours so they could stay open in the evenings.

Average farm price of Canadian apples rose to \$1.40 per bushel in 1952 from \$1.02 in 1951.

Decrease In Number Of People Of British Origin Census Shows

The figures being published from time to time by the Bureau of Statistics, from the census of 1951, show already the shifts in Canada of population and the trends as compared with the previous census. Among the most interesting figures so far published are those relating to the racial origins of the people of this country from which some computations are given here.

The most notable figures are those which reveal a gradual, but steady, decrease in the proportion of people of British origin, the nearly stationary number of people of French origin and the steadily increasing number from other countries. The total population of Canada is given as 14,009,429 and the major racial origins are as follows:

Race	1946	%	1951	%
British	6,709,685	48.0	6,319,167	45.1
French	4,319,167	30.8	4,300,000	30.7
Ukrainian	395,045	2.8	395,045	2.8
Scandinavian	283,024	2.0	283,024	2.0
Netherlands	264,267	1.9	264,267	1.9
Polish	219,845	1.6	219,845	1.6
Jewish	181,670	1.3	181,670	1.3
Italian	152,245	1.1	152,245	1.1

The census also shows 619,995 or 4.4 percent as being of German origin, but these figures are meaningless. Some of the Germans have been in Nova Scotia for nearly 200 years. A large number have been in Western Ontario for 100 years. They should not be confused with those who came in the 1920's or recently.

The non-French population in Quebec is 728,553.

In most of the Ontario and Western cities, there is a large proportion of people who are neither British nor French. Generally speaking, there are elements of many nationalities rather than any one. The largest elements in "others" population of Montreal are Jews 58,913 and Italians 27,332. The largest element of "others" in Toronto are Jews 40,809. The Kitchener population is 46 percent German, and 18 percent "others". The highest percentage of "others" is in Winnipeg 45 percent. In Edmonton there are 17,310 Ukrainians, 11,501 Germans, 8,283 Scandinavians.

The above figures make it clear that Canada is engaged in endeavoring to develop a united population out of not merely two races, but of many races. We are in fact trying to rebuild Europe in Canada in the confidence that we can lead all these races to forget their Old World quarrels and unite in one common Canadian people.

In British Columbia the distribution of a total population of 1,165,210 is as follows:

Race	Population
British	766,180
French	41,910
Austrian	6,882
Czech	7,580
Finnish	6,790
German	55,307
Hungarian	4,048
Italian	17,407
Jewish	4,858
Netherlands	32,388
Polish	16,301
Russian	22,113
Scandinavian	65,012
Other Europeans	12,536
Chinese	15,033
Japanese	7,160
Other Asiatic	2,542
Native Indian and Eskimo	26,504
Other	265,817

In census division number three, which roughly is the Okanagan Valley, the total population was 77,886, divided by racial origins as follows:

Race	Population
British	43,592
French	2,473
Austrian	940
Czech	671
Finnish	130
German	6,074
Hungarian	768

New Officers Of Vernon Lions Club Installed

VERNON — The Vernon Lions Club's annual meeting last week saw installation of George W. Griffiths as president, Reg. Gilmore as secretary, and Dr. Fred Colman as treasurer, for the 1953 season.

The presidents installed were Art Irving, Sig Hagkvist, Jack Ryall, while T. J. Martin is Lion Master and Doug Kermode tall twister.

Two year directors were Walter Marshall and Percy Gregson.

Installation ceremony was conducted by Pat Moon, immediate past president of the Penticton Lions Club and chairman of district 10. Mr. Moon spoke briefly concerning Lions Club principles and work.

Tobacco manufacturers use 80,000,000 pounds of aromatic leaf per year in cigarettes and smoking tobacco.

Over 1,000 Cadets In Camp At Vernon

VERNON — The Vernon military camp suddenly sprung to life last week, when almost 1,000 cadets of various ages between 14 and 18 streamed into the city by special train, bus, private transportation.

The first contingent was met at the railroad station by camp commandant Lieutenant-Colonel L. J. E. St. Laurent and his second-in-command, Major J. T. E. McNeil, last Sunday morning.

Skin Specialists Give The Facts About Sunburn And Its Treatment

Sunburn is every bit as much a real burn as one you might get by touching something that is too hot, warns Dr. R. Kanee Schachter, Toronto skin specialist. The sun is good for people, both in producing vitamin D, which prevents rickets, and as a general tonic, combined with summertime relaxation, but it must be taken in moderation.

In a recent issue of Health magazine, Dr. Schachter gives brief answers to a list of questions people most often ask about sunburn. Here are the answers:

Can sunburn lead to serious consequences, or is it simply a temporary uncomfortable experience?—Yes, it can be serious. With each burn there is damage produced, depending upon the severity of exposure. One may end up with atrophy or scar pigment, depigmentation, and freckle-like lesions, so-called "sailors' skin".

Can sunburn produce skin cancer?—Repeated and chronic damage may eventually lead to skin cancer.

When is sunburn serious enough to warrant visiting a physician?—If there are bad blisters and/or if the person has such symptomatic complaints as headache, nausea and vomiting.

What is the best way to give first aid to a badly burned back?—A simple jelly will help if there are no blisters. If there are blisters use a cold compress and a jelly such as vaseline.

Is there such a thing as a commercial preparation that can be applied to the skin to prevent burning?—A preparation containing paraaminobenzoic acid, or "PABA", to screen out the short burning rays of the sun and allow the longer tanning rays through is the most satisfactory to date.

Are some parts of the body more susceptible to sunburn than others?—Yes. Prominent parts such as the nose and mucous membranes, such as the lips, are particularly susceptible.

Does overexposure to the sun affect the hair and the eyes as well as the skin?—Hair becomes dry and brittle, and the glare of the sun may produce eye strain and even a conjunctivitis.

Are children's skins more sensitive to the burning rays of the sun than adults?—Yes. Their skins have not the protective layers of pigment, and their heat-regulating mechanisms are more sensitive than adults.

How much exposure to the sun is too much?—Any tanning producing redness or swelling—the so-called "erythema dose".

Is it true that fair people burn more readily than those of darker complexion when exposed to the sun?—Yes, because they have not a protective layer of pigment.

Does one burn more or less if the skin is dry or if one is continually in and out of the water as when swimming?—One burns more if in and out of water. In the water there are the added reflected rays of the sun in addition to the direct rays.

Can one stand longer exposure at the end of the summer than first thing in the spring?—One may stand longer exposure at the end of summer because one is more prepared and the sun's rays are less direct.

New roofs for old

A NUMBER of ancient English churches are replacing their equally ancient roofs with aluminum. One of these is the Chapel of St. James in the village of Nether Warton, Oxfordshire. Its lead roof, originally laid in 1665, brought £478 as scrap — enough to pay the whole cost of installing the new roof.

It is a neat example of how, while most metals have been getting more expensive through the centuries, the cost of aluminum has been going down. Aluminum Company of Canada, Ltd. (Alcan)

Waterglass On Concrete Floors Prevents Dust

A common fault in a concrete floor is the continued appearance of concrete dust when sweeping. This can be prevented by a treatment that will harden the concrete and bind the particles.

Soak the floor with one part waterglass, purchased at most hardware stores, and four parts water. Enough should be made so that it can be poured on liberally; it should be spread with a broom and the floor allowed to take up all that it will.

Puddles that remain after soaking for an hour or two should be wiped up. It may be necessary to apply a second treatment 24 hours later.

This treatment should not be used on a floor that will subsequently be painted as the paint will not penetrate sufficiently to secure a good bond.

For this purpose a commercially prepared liquid cement-hardener can be used instead of the waterglass and applied in accordance with the manufacturer's instructions.

Waterproofing Stucco

There are on the market a number of waterproofing compounds for stucco, both clear and colored. A paint store or a dealer in masonry materials should be able to supply them. Stucco paints can be obtained which can be adapted to specific requirements and should always be applied according to the manufacturer's instructions.

Modern Fireplace Is Feature Here

W-400 — A modern high-hearth fireplace is the feature of this three bedroom ranch-type home. The bedroom wing is accessible from the kitchen and the reception hall.

DATA — Living area, plan one — 1,218 square feet; plan two — 1,151 square feet; porch area, plan one — 153 square feet; plan two, 139 square feet. Cubage — including porches, plan one, 15,990; plan two, 22,120.

Perhaps your house should face the opposite direction. A plan designed for a lot facing east will not result in the best exposure when your lot fronts on the west. Plans can be obtained as shown here or reversed.

Plans shown on this page can be obtained from the Loder Company, Edmonton. Information regarding the plans can be obtained from the building merchants advertised on this page.

Some Points To Remember When You Repair Cracked Concrete

Handy Hints

So-called "wet" sanding is used by many professional furniture finishers to obtain especially fine surfaces. However, many persons make the mistake of using ordinary sandpaper. To get proper results, a special waterproof sandpaper must be used. Rubbing oil or water is applied to the surface of the work and then sanded lightly. It is not advisable to use the "wet" sanding process when working on veneered surfaces although it can be done if extra care is used. The water or oil may soak into the glued backing and cause the veneer to peel or loosen.

To keep the cords on metal Venetian blinds from wearing out quickly, give them a coat of wax. The wax in an ordinary candle will do very well.

If you're planning on doing any roofing, you can figure about a thousand shingles and five pounds of nails for every 100 square feet of roof.

In painting, a gallon of paint will cover 700 to 750 square feet. But if the surface is in bad condition, the first coat might take quite a bit more.

In repairing cracks and breaks in concrete, the following points must be observed.

1. The edges to which new concrete or mortar is to be applied must be rough; the new will not stick to the old and can be secured only by providing roughness around which it can harden. The old surface must also be cleaned of loose particles.

2. A crack must be opened by digging with a cold chisel or similar tool to provide space for penetration of the mortar.

3. In cutting out a crack or a break, the inner or under part should not be narrower than the surface so that the new mortar or concrete will become locked in.

4. The old concrete surface should be moistened — not flooded — before applying a patch, to prevent water in the new mortar from being absorbed.

5. A patch should be kept damp for several days, to allow the new cement to cure; should it dry too rapidly, it will be weak and sandy.

A mixture suitable for patching jobs is 1 part cement, 3 parts sand, with only enough water to make a paste of a stiffness that is just easily workable, that is, that can be spread smoothly with a trowel.

Where a thickness of new material greater than 2 inches is required, the mixture used should be 1:2:3; that is, 1 part cement, 2 parts sand and 3 parts screened gravel or crushed stone, the last being of a size equal to about one-third the depth of the depression but not in excess of one inch.

Applying New Stucco To Smooth Surfaces

In preparing smooth stucco surfaces for refinishing, wet the entire area and clean it with a solution of 1 part muriatic acid and 6 parts water. After acid-treatment, wash it thoroughly with water to remove all traces of the acid. Allow the wall to dry thoroughly and then moisten it just prior to applying the new coat. On surfaces of coarse or rough texture, the new finish may be a single coat applied with the trowel. If the old surface lacks roughness, apply two coats, dishing on the first to establish bond.

After the dash coat is properly cured by keeping it damp for two days and then drying thoroughly, trowel on the finish coat.

Going Away On Holiday? Take Steps To Protect Your Furnishings

Have you had your holidays? ... lucky people! Or if they are still to come you are even more fortunate.

If you're amongst the latter group you will still be planning which clothes to take for Johnny, how many hats you'll need and what to do with things left at home.

When planning what to do with your home and its furnishings when you're away, here are some considerations.

Leave the blinds drawn if possible. This will protect rugs, wallpaper, draperies and fabrics from the strong summer sun. And naturally you'll carefully close and lock all windows to keep out dust, as well as dust and rain. Dust sheets are a tremendous help or use old sheets to cover precious pieces of furniture. If the blinds are not drawn, pull varnished tables, sideboards and chests away from the direct summer sun rays. The surface will blister and crack if exposed to direct hot sun.

Where heavy pieces of furniture leave the impression of their feet on your carpets, move them. Help the pile to stand upright by applying a steam iron on the spots, then give those spots a complete rest while you're away resting.

Cleanliness is important in an empty house. We realize you've just finished housecleaning so all will be clean. Maybe some drawers and cupboards could be redone and your favorite patterned wallpaper used to line drawers and shelves. This helps to keep the moths away. Remember what a thrill it is to come home to a clean kitchen? Change the shelf paper and drawer linings before you go away. The new plastic coated wall papers are splendid for drawers and shelves. They can be readily washed and a single roll will do the whole kitchen very inexpensively.

Leave a clean tidy home when you start on your vacation and you'll thoroughly enjoy a worry-free holiday. Goodbye ... have fun. — Frances Games.

When there is leakage between basement floors and walls, a deep, wedge-shaped groove should be cut vertically into the joint. After this is cleaned and wet, it is packed with a stiff mortar of 1 part Portland cement to 3 parts sand, or with iron cement. Another material that can be used successfully is asphalt cement; the same kind that is used for roof repairs. Hot tar may also be used and is recommended in some instances. The tar is poured into the entire groove in one operation so as to leave no joints.

In the past, considerable use was made of magnesite stucco. It had the advantage of great hardness, but in a term of 10 years or so was found to have a corrosive effect on metal lath. The lath is thus weakened or destroyed and the stucco, being left without support, will bulge and fall. Another form of failure is the appearance of soft and powdery areas from which the material will wash in a rain. If the lath, upon examination, is found to have rusted away, the entire stucco will eventually fall. There is no remedy for this; the stucco must be removed and replaced.

Timber In Foundations

Ends of girders or beams built into a wall will decay where the wall is damp or the timber not thoroughly seasoned before placing. The recesses should not be plastered full of mortar but space should be left around the ends of the girders for free circulation of air. Creosoting the ends of built-in timbers is advisable. In fact, any timber in contact with the ground or in a location subject to dampness should be creosoted.

No one in Norway or Sweden may cut trees, even on his own land, without a forest supervisor's permit.

VLADIMIR SEMEYENOV, left, is slated to return to Berlin as "supreme commissar" for the Soviet Union, while General Vassily I. Chuikov, right, has been told by his government to handle only troops henceforth, in Russia's move to take control of East Germany out of the hands of the military.

Tree Fruits Asks Federal Government's Permission To Market No. 3 Cherries

Unless weather conditions improve, the Okanagan cherry crop will be lower than the 1953 estimates released recently by the B.C. department of agriculture, which predicted a drop of 13,454 crates compared with the 1952 production. Heavy rains recently have already caused splitting in the Oliver-Osoyoos areas where harvesting of cherries was in full swing. This year's Okanagan crop is estimated at 228,935 crates, but adverse weather conditions could reduce this tonnage considerably.

Alarmed over the prospect of a percentage of the crop being ruined by rain, B.C. Tree Fruits has made application to federal authorities for permission to market No. 3 cherries. At present only No. 1's and 2's go outside the province. Otherwise the unmarketable cherries are consigned to canneries for jam or jelly.

Harvesting of Blings and Lam-berts will not get underway in the Central Okanagan until the early part of next week. The Central Okanagan will show an increase in cherry tonnage, but lower production is anticipated in the south. Horticultural officials state the trees have recovered from the severe winter a few years ago and that they should produce good sized, high quality fruit.

Other stone fruits in the Okanagan will show increased tonnage compared with last year. The peach crop is estimated at 1,555,120 crates, an increase of 206,540 crates over 1952; apricots will run around 820,140 crates, up 14,023 crates; plums 92,200 crates, up 11,503; and prunes 823,600 crates, up 62,773 over 1952.

CO-OP UNION MEETING

"Burning of the Mortgage" highlighted the 14th annual meeting of the Okanagan Packers Co-operative Union when over eighty growers, their wives and guests attended a dinner at the Aquatic Club. The occasion marked the retirement of all capital indebtedness, so that member-growers now own their modern packing and cold storage plant.

Guest speaker W. E. Adams, first manager and past-president of the Co-op Union, recalled the company purchased the fixed assets of Okanagan Packers Ltd., for the sum of \$82,000. Original members of the Co-op Union were growers who had marketed their crops through Highland Fruits Ltd. and Okanagan Packers Ltd., F. M. Buckland, who had a great deal to do with the formation of the Co-operative Union and who was then president of Highland Fruits Ltd. was elected the first president of the new company and continued in that office for a number of years until he retired from active business. Original number of grower-members was 34; present number 88. First crop handled amounted to 100,000 units and the largest crop handled was in 1940 when a total of 310,000 units were packed and shipped.

ASSETS NOW DEBT-FREE
Mr. Adams said total outlay in cash for land, buildings and equipment since the original purchase from Okanagan Packers Ltd., amounts to around \$175,000, and these assets are now free of debt. To pay off the indebtedness, member-growers accepted four percent certificates deducted from crop returns. Each year since 1947 one year's certificate has been redeemed in consecutive order of being issued. To date a total of \$40,000 of the capital deductions have been redeemed and the total certificates now outstanding amount to \$140,000.

Many Changes In Interior During Past 46 Years A. S. Hatfield Finds

When A. S. Hatfield made a timber cruising tour 46 years ago he found the interior of this province comprised a few cattle ranchers, wild animals, Indians, and Conservatives.

That's the way he summed it up, when he spoke before his fellow members of the Rotary Club in the Prince Charles Hotel at Monday's luncheon.

He was describing a visit to the Sugar Lake area, east of Vernon. "The fauna's changed quite a bit today," he said, amid laughter, emphasizing that the Conservatives had changed the most of all.

Mr. Hatfield's reminiscent talk was in his inimitable and not readily reportable vein, as he drew laugh after laugh in recounting some of the chronicle of this trip of long ago.

Most of all, he said, he had been wary of grizzlies, particularly at times when he'd been left alone on the timber survey work.

And on the very next trip — after he'd got back to town safely and boiled his clothes in another timber cruiser in the same vicinity stopped a charging grizzly only twelve feet from him.

That reminded Mr. Hatfield of a story involving the late "Podunk" Davis, of Princeton fame.

This well-known and worthy woodsman was telling his friends of a time when he came face to face with a grizzly, with not a tree within a half mile. He emptied his rifle magazine into the creature, but it came charging on. Davis got away, he told his friends, and just

A. C. Carter Named President Of Local Horticulture Group

A. C. Carter of Penticton was named president of the Penticton and District Horticultural Society at the group's annual meeting held in Anglican Parish Hall last Thursday evening. Mr. Carter succeeds Harold Barritt.

Honorary president is A. Hornby. M. P. D. Trumppour is treasurer and Mrs. William Van der Burg is secretary. Members of the executive are Mr. Barritt, Mrs. Alex. McNicol, Mrs. J. B. Feeney, Mrs. A. Peterson, Mrs. L. A. Gibbard and Mrs. John Van der Hoop.

Following the presentation of the reports of the secretary and treasurer, Mr. Barritt presented his report in which he paid tribute to the late H. H. Whitaker, who had been honorary president of the association since its organization in 1951.

Next regular meeting of the group will be held at the Summerland Experimental Station on August 6, when Nat. May will give a demonstration of budding roses.

managed to find safety up a tree. "But I thought you told us there wasn't any tree within half a mile," he was asked, as he told his story. "My God, there just had to be a tree," came the answer.

WOMEN TODAY...

They do most of the family buying, much of family banking. They find the bank a safe, handy place to keep money; they like to pay larger bills by cheque. Going to the bank is often as much a part of the shopping day as a trip to the local stores.

CANADIAN NATIONAL EXPRESSMEN in Montreal are a pretty versatile group and recently demonstrated their ability in the care and feeding of 375 pounds of Manitoba wildlife. The shipment — four timber wolf pups, three young badgers and six porcupines — arrived by rail en route to the Whipsnade Zoo in London, England. They were supplied by Winnipeg's Assiniboine Park Zoo following a telephone call from Whipsnade officials offering to trade some yaks for the timber wolves. Here Sam Jordan of the express department, strikes up a friendship with one of the furry wolf pups.

Naramata Locals

Mrs. H. Corlett, who recently returned from a year's holiday in England, is visiting at the home of her son-in-law and daughter, Mr. and Mrs. Martin Johnson.

A group of the Junior girls from the south benches of the Naramata district entertained their parents and friends on Friday evening on the lawn at the home of Mr. and Mrs. James Gawne. An evening of entertainment which included two short plays and songs was enjoyed by the several present.

A box of candy was won by Gary Williams with the drawing made by little Louise Gawne. Refreshments served by the young hostess brought the pleasant evening to a close. The proceeds which amounted to three dollars were given to the CKOK March of Dimes fund.

Colored films of a portion of her European trip were shown by Miss Ruth Simpson at the last regular meeting of the Women's Federation of the Naramata United Church held recently at the home of Mrs. Martin Padberg. Miss Simpson, Dean of Women at the Christian Leadership Training School, spent five weeks in England and visited several European countries while away recently to attend the Coronation.

At the next federation meeting to be held sometime in August Miss Simpson plans to show other pictures which will include those of the Coronation activities and scenes.

Mr. and Mrs. A. W. Goodfellow left on Monday for an extended stay in Calgary and Saskatoon.

Miss Lila Dicken, who has been teaching school for the past term at Fort St. John, arrived home last week to visit her parents, Mr. and Mrs. J. S. Dicken.

Among those travelling to Vernon on Sunday with the Naramata cricket club were Mrs. Kenneth McKay, Mrs. A. L. Day, Mrs. P. B. Chambers and Mrs. Ted Gaskell, of Penticton.

When Mr. and Mrs. Fred Westfall and small son returned to Nelson on Sunday after visiting at the home of Mrs. Westfall's parents,

Mr. and Mrs. Pev Partridge, they were accompanied by Bobby Partridge, who will spend the next ten days with his brother-in-law and sister.

Albert Dicken, of Fernie, was a visitor for a few days last week at the home of his brother and sister-in-law, Mr. and Mrs. J. S. Dicken.

The Naramata Red Cross swimming classes are scheduled to start on Monday, July 13, at Manitou Park beach. The classes which are open to all children in the community are for the beginners as well as for the more advanced swimmers. Registration for the summer course in swimming will begin at 1 p.m. at the park. Philip Rounds will again supervise the swimming classes and Miss Barbara Puddy, of Penticton, a trained Red Cross instructor, will teach the swimming.

Jackie Vaughan is attending the Girl Guide camp for patrol leaders which is in session at Greenwood with Mrs. A. E. Bonnett, of Oliver, as camp commandant.

T. I. Williams, of Penticton, is a current visitor at the home of his son-in-law and daughter, Mr. and Mrs. J. S. Dicken.

In commemoration this month of the forty-second anniversary of the Naramata United Church the Women's Auxiliary is sponsoring the annual "Raspberry Social" on the evening of July 22. Plans for the forthcoming event to be held on the lawns of the church which was built in 1911 were fully discussed at the regular meeting of the auxiliary held last week at the home of Mrs. A. C. Pound.

Mrs. J. D. Reilly, president of the church group, will be general supervisor of social arrangements with the assistance of all members of the WA.

Other business at the well attended meeting was the appointment of Mrs. J. A. Gurnes as secretary pro tem. Due to various home duties the WA secretary, Mrs. Philip Rounds, had requested to be relieved of her duties for the ensuing few months.

"Talent Money" projects by the WA for the current year have had

very satisfactory results. The members in participating in the scheme have taken home-cooked foods, garden produce and other articles to the monthly meetings where they are purchased by the other members. At the last meeting freshly picked strawberries were sold by Mrs. J. S. Dicken and Mrs. J. A. Gurnes to add a considerable amount to the fund. At the May meeting garden spinach was the specialty.

The president welcomed two visitors to the meeting, Mrs. Agnes Rounds, of Burnaby, a former member of the auxiliary, and Mrs. Brown, of Penticton, who was with the staff of the Leadership Training School at one time.

The next meeting of the Women's Auxiliary will be an evening session and will be held on August 4 at the home of Mrs. James Gawne.

Among the large number who gathered on Saturday at the Christian Leadership Training School for the two weeks course being given for Sunday School teachers and others who devote time to training the very young children in church work is Frank Hughes, formerly of Naramata. Mr. Hughes is the son of Mrs. Edna Hughes and is the superintendent of the junior department of Ryerson United Church Sunday School, Vancouver, and will instruct at a training course for superintendents.

Others who will be instructors at the school for the current courses are Miss Ruth Simpson, Dean of Women at the Training School, and Rev. Bert King, of Southminster Church, Lethbridge, Alberta. Approximately one hundred have assembled for the first in the series of summer school courses at the school.

Mr. and Mrs. William Pugh and daughter, Linda, left last week for their home at Gt. Lechen, Alberta, after visiting at the home of Mrs. Pugh's brother-in-law and sister, Mr. and Mrs. J. D. Reilly.

Miss Susan Sinclair is attending the Anglican Church camp being held this week at Wilson's Landing.

Egypt is partly in Africa and partly in Asia. The two continents are separated by the Suez Canal, and Egypt's historic Sinai peninsula lies east of Suez.

City Pupils Pass Royal Schools Of Music Examinations

Word was received this week of results of the examinations conducted here recently by the Associated Board of the Royal Schools of Music.

Examinations were conducted here and in Osoyoos by Douglas Hawkrig, professor at the Royal Academy of Music, London, England.

A list of the successful Osoyoos and Penticton candidates, in alphabetical order, follows:

OSOYOOS
Pianoforte
Grade VII (advanced): Shirley Nielsen, pass.

Grade IV (lower): Anne Emery, pass; Jean Gold, pass; Margaret Lohlein, pass.

Grade II (elementary): Catherine Driver, pass; Shirley Gaertner, pass; Audrey Geryluk, pass; Carole Hoffman, pass; Charlotte Kish, pass.

Grade I (primary): Margaret Coombe, distinction; Nora Emery, distinction; Joan Fesser, distinction; Marilyn Robinson, pass.

Theory of Music
Grade III (transitional): Catherine Driver, pass; Frances Marzink, pass.

Grade I (primary): Anne Emery, pass; Shirley Gaertner, pass.

PENTICTON
Pianoforte
Grade VII (advanced): Gertrude Darce, distinction.

Grade IV (lower): Catherine Anne Netherton, with merit.

Grade V (higher): Sharon Patricia Downs, pass.

Grade II (elementary): Ronald James Downes, pass with merit; Lowell Richard Laidlaw, pass.

China proper is one-third larger than the United States.
